

Canyon Rim Trail Phase III Design Update

Transportation Board
Incorporated County of Los Alamos
Public Works Department

May 1, 2025

CRT Phase III Project Limits

Project Limits

- Continue from Phase II (Smiths) west to 20th Street
- Currently breaking the project into sub phases
- Phase III A connection to 15th St. (approx. 0.25 miles)
- Phase III B connection to 20th St. (final alignment pending)

CRT Project Background

Project Background

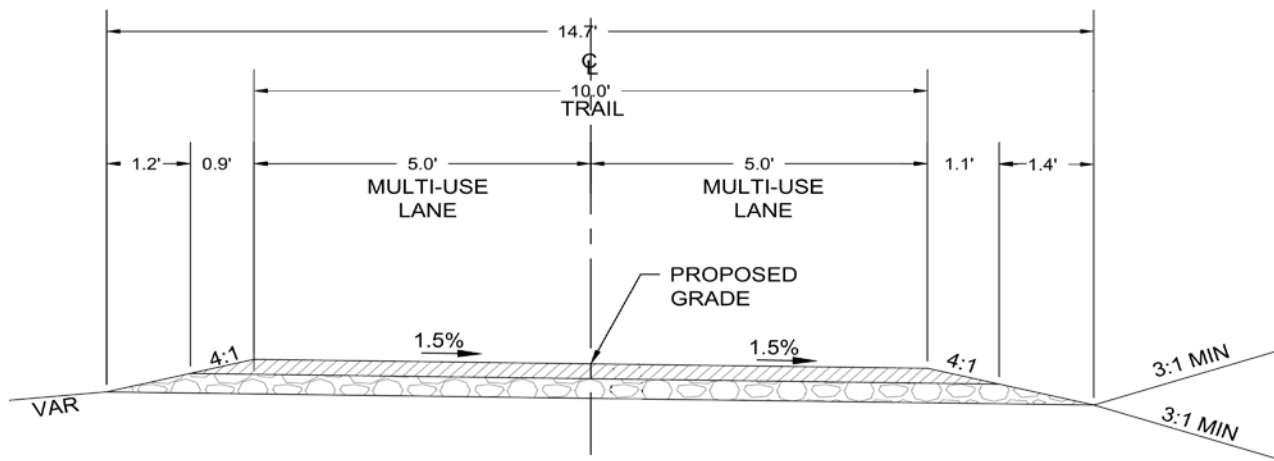

- Wilson was contracted in 2024 to complete a study that analyzed the existing conditions, developed alternatives for structures along the corridor and finalize the alignment for Phase III.
- The Los Alamos County team has acquired the site survey, secured easements from property owners and DOE for Phase IIIA.
- Project submitted 60% plans for review and comment to County staff and stakeholders in April 2025.

CRT Phase III A Project Schedule

Schedule

- 60% Plan submittal April 2025
- A public meeting at regularly scheduled Transportation Board Meeting on May 1, 2025
- 90% Plan – May 2025
- Final Plans – July 2025
- Project bidding for construction – July 2025
- Project award – September 2025
- Construction – Spring 2026 (anticipated)

Proposed Typical Section

Proposed Structure

- Project intends to use approximately 225-ft boardwalk structure to span challenging terrain along canyon edge
