

**LOS ALAMOS COUNTY DEPARTMENT OF PUBLIC UTILITIES
GAS, WATER, SEWER SYSTEM
PENETRATION PERMIT**

Instructions

This permit is to be completed when penetrating an operating gas line, water line, or sewer line in the Los Alamos County (LAC) Utilities System. Upon completion, copies are to be distributed to each affected party before the penetration operation begins. In cases where a repair or tap is being made, or where new facilities are being connected into the utilities system, this completed form represents written authorization from the LAC Utilities Department to proceed with the penetration operation.
