INTRODUCTORY SECTION:	
Letter of Transmittal	i-vi
Certificate of Achievement for Excellence in Financial Reporting, presented by the Government Finance Officers Association	vii
Organizational Chart	viii
Elected and Appointed Officials	ix
FINANCIAL SECTION:	
Independent Auditors' Report	1-3
Management's Discussion and Analysis	5-26
Basic Financial Statements:	
Government-wide Financial Statements:	
Statement of Net Position	28-29
Statement of Activities	30
Governmental Fund Financial Statements:	
Balance Sheet	32-33
Reconciliation of Balance Sheet to the Statement of Net Position	35
Statement of Revenues, Expenditures, and Changes in Fund Balance	36-39
Reconciliation of Statement of Revenues, Expenditures, and Changes in Fund Balance to the Statement of Activities	41
Statement of Revenues, Expenditures, Encumbrances, and Changes in Fund Balance - Budget and Actual (Budget Basis)	
General Fund	42-52
Economic Development Fund	54-55
Emergency Declarations Fund	56
Proprietary Fund Financial Statements:	
Statement of Net Position	58-59
Statement of Revenues, Expenses, and Changes in Net Position	60
Reconciliation of Revenues, Expenses and Changes in Net Position to the Statement of Activities	61
Statement of Cash Flows	62-63
Fiduciary Fund Financial Statements:	
Statement of Net Position	65
Statement of Changes in Net Position - Pension Trust Fund	66
Notes to the Financial Statements	67-119
Required Supplementary Information - NM PERA Pension Liability	121-127
Required Supplementary Information - NM RHCA Other Post Employment Benefits Liability	128-130

SUPPLEMENTARY INFORMATION:**Combining and Individual Fund Financial Statements and Schedules:**

Other (nonmajor) Governmental Funds:	
Combining Balance Sheet	131
Combining Statement of Revenues, Expenditures and Changes in Fund Balance	132-133
Schedule of Revenues, Expenditures, Encumbrances, and Changes in Fund Balance - Budget and Actual (Budget Basis)	
State Shared Revenues Fund	134
Lodgers' Tax Fund	135
State Grants/Other Fund	136
Health Care Assistance Fund	137
Other Special Revenues Fund	138-139
Gross Receipts Tax Revenue Bonds Fund	140
Capital Projects Permanent Fund (Major Governmental Fund)	141
Project-length Schedule of Construction Projects - Capital Improvement Projects Fund	142
Joint Utility System Enterprise Subfunds:	
Combining Schedule of Net Position	144-145
Combining Schedule of Revenues, Expenses, and Changes in Net Position	147
Combining Schedule of Cash Flows	148-149
Schedules of Revenues, Expenses, Encumbrances, and Changes in Net Position - Budget and Actual (Budget Basis):	
Joint Utility System Fund	150-151
Electric Subfund	152-153
Gas Subfund	154-155
Water Subfund	156-157
Wastewater Subfund	158-159
Other Enterprise Funds:	
Schedules of Revenues, Expenses, Encumbrances, and Changes in Net Position - Budget and Actual (Budget Basis):	
Environmental Services	162-163
Transit Fund	164-165
Fire Fund	166-167
Airport Fund	168-169
Internal Service Funds:	
Combining Statement of Net Position	172
Combining Statement of Revenues, Expenses, and Changes in Net Position	173
Combining Statement of Cash Flows	174-175
Schedules of Revenues, Expenses, Encumbrances, and Changes in Net Position - Budget and Actual (Budget Basis):	
Equipment Fund	176-177
Risk Management Fund	178-179
Agency Fund:	
Statement of Changes in Assets and Liabilities	180

TABLE OF CONTENTS

December 1, 2020

To the County Council and Citizens of the
Incorporated County of Los Alamos:

We are pleased to submit to you the Comprehensive Annual Financial Report of the Incorporated County of Los Alamos (the County) for fiscal year 2020. Finance of Administrative Services has prepared this report to present the financial position of the County at June 30, 2020, and the results of its operations for the year then ended. The financial statements and supporting schedules have been prepared in conformity with generally accepted accounting principles for governments, and with the requirements of the State of New Mexico, Office of the State Auditor.

COUNTY COUNCIL

Sara C. Scott
Council Chair

Randall T. Ryti
Council Vice-Chair

COUNCILORS

Pete Sheehey

COUNTY MANAGER

Harry Burgess

This report consists of an Introductory Section, the Financial Section which includes the opinion of the County's independent auditors, Morton Accounting Services, LLC, and Management's Discussion and Analysis, a Statistical Section with ten years of summary data, and the Other Information Section. Readers should refer to the Management's Discussion and Analysis beginning on page 5 of this report for a more detailed overview of how to use this report, an introduction to the County's basic financial statements and an analytical overview of the County's financial activities.

INTERNAL CONTROL AND MANAGEMENT'S RESPONSIBILITY

County management is responsible for the accuracy of the County's financial statements and the completeness and fairness of their presentation. The County maintains a system of internal accounting controls that is intended to provide reasonable assurance that assets are safeguarded against loss or unauthorized use, and that financial records can be relied upon to produce financial statements according to generally accepted accounting principles. The concept of reasonable assurance recognizes that the cost of maintaining the system of internal accounting controls should not exceed the benefits to be derived.

The County had no findings from the independent auditors' which would have been described in their Schedule of Findings and Questioned Costs, which is included in the Other Financial Information Section of this report.

THE REPORTING ENTITY AND ITS SERVICES

In 1949, the County was formed from parts of three other existing counties as a separate political subdivision by the New Mexico legislature. It was incorporated on December 10, 1968 when County voters adopted the Charter. The County has the rights and responsibilities of both a county and a municipality under the County's Charter and New Mexico State law.

The County is located on the Pajarito Plateau in northern New Mexico, about 35 miles northwest of Santa Fe, the capital of New Mexico. The County covers about 109 square miles. The National Forest Service owns 41.2% of the County's area, the United States Department of Energy (DOE) owns 35.3%, the County and its citizens own 14%, and Bandelier National Monument owns 9.5%.

Before the establishment of the Los Alamos National Laboratory (LANL) in 1943, a few isolated ranches and a preparatory school for boys occupied the area that is now the County. This isolated area became the home for scientists and military personnel working as a key part of the Manhattan Project, which resulted in ending World War II. Initially, the Laboratory and the surrounding area were owned and controlled by the federal government. Under the Atomic Energy Communities Act of 1955, the government sold most commercial real estate, residential lots, and housing units to private owners. Churches and institutional properties, including hospitals, schools, municipal offices, the electric, gas, and water distribution systems and the wastewater collection system were transferred to private institutions, the school system, or municipal ownership.

The County operates under a council-manager form of government. The County Council consists of seven members who are elected at large by qualified County voters. Under the Charter, the County Council appoints a County Manager, the chief executive officer of the County, who is responsible for all County affairs placed in his or her charge by New Mexico State statutes, the County Charter, County ordinances, or the County Council.

The Basic Financial Statements of the County include all government activities, organizations and functions for which the County is financially accountable as defined by the Governmental Accounting Standards Board (GASB). Based on these criteria, no other governmental organizations are included in this report.

The County provides a wide variety of services to its citizens, including the following: police services including dispatch of all emergency services; fire protection and prevention services; emergency medical services; maintenance of parks, streets and roads in the County; public transit services; residential and commercial refuse collection and disposal and transfer station operation; electric, water, gas, and wastewater utilities; public library operation; airport facilities; recreation facilities and programs; community planning and development; and certain health and social services.

ECONOMIC CONDITION AND OUTLOOK

The proposed budget was developed prior to the COVID-19 (coronavirus) outbreak.

On March 18, 2020, Council Chair Sara Scott declared a local public health emergency because of the novel coronavirus COVID-19. “Declaring this public health emergency is a prudent step for us to take at this time. It opens the door for us to allocate resources to immediate needs, as well as being able to access state or federal funds for recovery and response,” Scott said. The County Office of Emergency Management is working closely with LA Medical Center, LANL, other local entities, and State health officials to prepare for Coronavirus to emerge here in Los Alamos.

We worked together with the County’s senior management team to formulate a plan to keep our community and County employees safe, as well as to comply with emerging health guidance from the Governor and state agencies. County facilities including the library, senior centers and recreation facilities were closed to the public on March 16th.

As of March 18th, County employees providing essential services who had the ability to work from home (telecommute) were assigned work and County-issued laptops. Department Directors identified employees that fell within this category, including any employee who may be at higher health risk if they contract COVID-19. Employees providing essential services who have a job that requires them to be in the field, such as public safety or utilities’ workers, reported to work as scheduled. All other employees who provide non-essential services, as defined and determined by Department Directors and with approval from the County Manager, remained at home. Employees on special Emergency Paid Leave status must be in contact with their Supervisor daily, and could be recalled to work at any time. County employees continue to provide the citizens of Los Alamos with necessary, essential services.

A driving force in developing our budget each year is the estimation of County revenues. Gross Receipts Tax (GRT) accounts for 72% and Property Taxes accounts for 10.3% of the total General Fund budgeted revenues. The remaining General Fund revenues are comprised of user fees, interdepartmental charges, investment income, and grants. GRT is primarily from the community’s largest employer, Los Alamos National Laboratory (LANL).

The County began preparing the budget in December. Our guidance for budget development was for a 3% increase in salaries for non-collective bargaining employees, a 10% increase in medical premiums and other expenditure categories flat to the FY2020 adopted amounts except for contractually obligated increases. Based on the current projected revenues and Council’s guidance to maintain a 20% reserve, there was an opportunity for Council to consider budget option expenditures in addition to the proposed budget, as well as potential expansion of county services and programs to focus on achieving the Council’s strategic goals and continue to provide excellent day-to-day services to the citizens of Los Alamos. The budget as adopted by Council included \$12.17 million in approved budget options.

The overall County adopted FY2021 expenditure budget is \$239.5 million as compared to FY2020 adopted expenditures of \$199.6 million. Overall County budgeted revenues are \$230.3 million as compared to FY2020 adopted revenues of \$202.9 million.

MAJOR ACCOMPLISHMENTS AND FUTURE INITIATIVES

The County's major accomplishments in FY2020 include the Diamond Drive pavement rehab project. Diamond Drive required pavement rehabilitation due to excessive damage caused by past winter snowstorms and extreme freeze thaw cycles to the top layer of asphalt. The asphalt improvements significantly improved the condition of the surface by removing a section of the asphalt surface and replacing it with traditional asphalt mix to extend the life of Diamond Drive pavement structure by approximately a decade.

The County also experienced a major accomplishment in the remote technology and realized advances of the efforts put forth into conversion of the ERP system which went live July 1, 2018. Because of the efforts to design, build, and maintain paperless transactions along with electronic workflow, the County was able to continue most work as usual, almost seamlessly, through telework in key financial processes during the Covid-19 pandemic.

Other major accomplishments and future initiatives include: continued efforts in historic downtown district for the Manhattan Project National Park walking tour; tourism has become a top focus at the County, with the Council approving both a Tourism Strategic Plan and Wayfinding Plan which guide our future efforts; the State NM DOT broke ground on the NM502 road improvements; and the design of four recreation Capital Improvement Projects: Ice Rink Improvements, Golf Course Improvements, a Splash Pad for Pinon Park and a new Kiddie Pool at the Aquatic Center. The County continues its commitment to operational excellence.

FEDERAL AND STATE MANDATES

Cities and counties continue to experience an increase in state and federal mandates, many of which are not funded, but are simply imposed on local governments. These present not only additional financial liabilities, but also require the County to engage in the development of new reporting systems and programs that expand management's responsibilities and tax the County's resources.

Although the County is a relatively small government in terms of resident population served, the demands of our predominantly highly educated citizens for high quality services and the numerous direct and indirect relationships with the Department of Energy require levels of service and complexity normally found only in large metropolitan areas.

The County continually faces the challenge of balancing these high demands for services and the requirements of unfunded mandates with continued pressure to keep taxes and costs of services at reasonable levels. Historically the County has been able to meet this challenge, but conditions exist which may require some difficult choices in the next few years. Among these conditions are an aging infrastructure, and the uncertainties of a "one employer town".

ACCOUNTING SYSTEM AND BUDGETARY CONTROLS

The County's Finance Office and budget staff plans, organizes, directs, and coordinates the overall management of the County's finances. The responsibilities of the Office include: (1) carrying out the duties of the County Treasurer; (2) managing the County's investment and debt activities; (3) coordinating the annual audit of the County; (4) ensuring the accuracy and integrity of all financial data; (5) developing and monitoring the County's operating budget; and (6) forecasting financial results and monitoring trends. In addition, the Office maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the County Council. Activities of all funds except the Pension Trust Fund and the Agency Fund are included in the annual appropriated budget. Project-length financial plans are adopted for the Capital Projects Funds. The level of established budgetary control is by department within an individual fund.

The County also maintains an encumbrance accounting system as one technique of accomplishing budgetary control for interim reports. Unencumbered balances lapse at the end of the year. However, encumbrances are re-appropriated as part of the following year's budget. The County's budget policies and budget control procedures are fully described in the notes to the financial statements.

AWARDS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Incorporated County of Los Alamos for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2019. The Certificate of Achievement is a national award that recognizes conformance with the highest standards for presentation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report whose contents conform to rigid program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

The Certificate of Achievement is valid for a period of one year only. The County has received a Certificate of Achievement for the last twenty-eight consecutive years (fiscal years 1991 through 2019). We believe this current comprehensive annual financial report continues to conform to the Certificate of Achievement Program requirements, and we are submitting it for review by GFOA. In addition, the County received the GFOA Award for Distinguished Budget Presentation for the Annual Budget for fiscal year 2020. This was the twenty-seventh consecutive year the County received the budget award. In order to qualify for the Distinguished Budget Presentation Award, the County's budget document was judged to be proficient in several categories including policy documentation, financial planning and organization. Finally, the County received the GFOA Award for Popular Annual Financial Reporting for the fourth year it has been compiled for FY2020. The PAFR is intended to be a more understandable report to the general public of information extracted from the CAFR. The County is very excited to continue the production of the PAFR in future years.

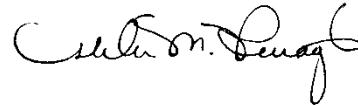

ACKNOWLEDGEMENTS

The preparation of this report could not have been accomplished without the dedicated service of the staff within Finance. We wish to express our sincere appreciation to all staff members whose dedication and professionalism made the preparation of the report possible. We would also like to thank the staff from other County departments who assisted and contributed to its preparation. Finally, without the leadership and support of the members of the County Council, preparation of this report would not have been possible.

Sincerely,

Harry Burgess,
County Manager

INDEPENDENT AUDITOR'S REPORT

Dr. Sara Scott, Chair, County Council
Members of the Council, and Harry Burgess, County Manager
Incorporated County of Los Alamos, New Mexico
Los Alamos, New Mexico 87544 and
Mr. Brian S. Colón, New Mexico State Auditor

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, the aggregate remaining fund information, and the budgetary comparisons for the general fund and major special revenue funds of the Incorporated County of Los Alamos, New Mexico (County), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

Dr. Sara Scott, Chair, County Council
Members of the Council, and Harry Burgess, County Manager
Incorporated County of Los Alamos, New Mexico
Los Alamos, New Mexico 87544 and
Mr. Brian S. Colón, New Mexico State Auditor

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information, and the budgetary comparisons for the general fund and major special revenue funds of the County as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 to 26 and the schedule of the County's proportionate share of the net pension liability, other post-employment benefits liability, and the schedules of the County's contributions on pages 121 to 130 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Dr. Sara Scott, Chair, County Council
Members of the Council, and Harry Burgess, County Manager
Incorporated County of Los Alamos, New Mexico
Los Alamos, New Mexico 87544 and
Mr. Brian S. Colón, New Mexico State Auditor

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory and statistical sections, and Schedule of Expenditures of Federal Awards, as required by the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and the other schedules required by 2.2.2 NMAC are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules, the Schedule of Expenditures of Federal Awards and other schedules, noted at Exhibits 1-5, as listed in the table of contents, required by 2.2.2 NMAC are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with the auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules, the Schedule of Expenditures of Federal Awards and other schedules required by 2.2.2 NMAC are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic and combining and individual fund financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 30, 2020 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the result of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Management's Discussion and Analysis

INCORPORATED COUNTY OF LOS ALAMOS

MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2020

Management of the Incorporated County of Los Alamos (County) offers this discussion and analysis about the County government's financial position and financial activities for the fiscal year that ended June 30, 2020. This analysis is intended to serve as an introduction to the County's basic financial statements and to provide an analytical overview of the County's operations. Please read it along with the County's *Basic Financial Statements* starting on page 28, the *Notes to the Financial Statements* starting on page 67, and the *Letter of Transmittal* on page i. Additional data about the County is provided in the Statistical Section, beginning on page 181.

FINANCIAL HIGHLIGHTS

New Accounting Standards

In fiscal year 2020, the County analyzed and reviewed the need for adoption of the following new accounting standards issued by the Governmental Accounting Standards Board (GASB) related to fiduciary activities, leases, equity interests and debt:

- GASB Statement No. 84 (GASB 84), "Fiduciary Activities"
- GASB Statement No. 87 (GASB 87), "Leases"
- GASB Statement No. 90 (GASB 90), "Majority Equity Interests"
- GASB Statement No. 91 (GASB 91), "Conduit Debt Obligations"

GASB 84 establishes criteria for identifying fiduciary activities. The criteria focus on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Fiduciary activities that meet these criteria should be reported in a fiduciary fund in the basic financial statements and should also present a statement of fiduciary net position and a statement of changes in fiduciary net position. GASB 84 primarily affects the Los Alamos County Pension Plan at June 30, 2020. The County will implement GASB 84 when it is effective in fiscal year 2021.

GASB 87 requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. GASB 87 establishes a single model for lease accounting based on the principle that leases are financings of the right to use an underlying asset. Under GASB 87, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. GASB 87 potentially affects the County's operating leases. The County will implement GASB 87 when it is effective in fiscal year 2021.

GASB 90 establishes that ownership of a majority equity interest in a legally separate organization result in the government being financially accountable for the legally separate organization and, therefore, the government should report that organization as a component unit. GASB 90 does not impact Los Alamos County.

GASB 91 establishes a single method for reporting conduit debt obligations by issuers. A conduit debt obligation is defined as a debt instrument that has all of the following characteristics: (1) There are at least three parties involved: (a) an issuer, (b) a third-party obligor, and (c) a debt holder

or a debt trustee. (2) The issuer and the third-party obligor are not within the same financial reporting entity. (3) The debt obligation is not a parity bond of the issuer, nor is it cross-collateralized with other debt of the issuer. (4) The third-party obligor ultimately receives the proceeds from the debt issuance. (5) The third-party obligor is primarily obligated for the payment of all amounts associated with the debt obligation. An issuer should recognize a liability associated with an additional commitment to support debt service if certain recognition criteria are met. AGASB 91 primarily affects the County's Local Economic Development Act (LEDA) project with Pebble Labs. The County's implementation of GASB 91 becomes effective in fiscal year 2022 but is not anticipated to have any reporting change on its conduit debt disclosure.

Government-wide Financial Highlights

- The County's total net position, the amount of assets and deferred outflows after subtracting related liabilities and deferred inflows, was approximately \$431.0 million at fiscal year-ended June 30, 2020. This represents an increase of \$6.2 million in net position, or approximately 1.46%, as compared to the prior fiscal year-end. The largest contributor to this increase related to a decrease in the County's net pension liability of \$6.0 million. Overall, the County continues to have a strong financial position, operating reserves, and assets available to provide services to citizens.
- Governmental activities increased the County's net position by \$5.7 million to \$278.0 million for the fiscal year-ended June 30, 2020. The largest contributing factors to this increase was from a \$5.0 million decrease in program expenses. Revenues exceeded expenses by \$4.8 million and the County's program expenses decreased by \$5.0 million from \$66.6 million in fiscal year 2019 to \$61.6 million in fiscal year 2020. Expenses decreased largely in the general government function when compared to the prior year due to the timing of a significant major facilities maintenance (MFM) project and decreased spending in contractual services across the County.
- Business-type activities increased the County's net position by \$.5 million to \$153.1 million for the fiscal year-ended June 30, 2020. This compares to a \$.2 million increase during the previous fiscal year. The largest contributing factor to this increase was due to the \$.1 million gain on exchanges of capital assets. Expenses also exceeded revenues for total business-type activities by \$1.4 million exclusive of transfers. Total revenue from business-type activities was \$96.2 million for fiscal year 2020, approximately \$.8 million more than the previous year. The increase was due to the increase in gain on exchange of capital assets. Expenses in fiscal year 2020 decreased by \$4.5 million or 4.53 percent. This change was primarily due to a \$3.2 million decrease in Electric contractual services and salaries and benefits, a \$.8 million decrease in Gas contractual services, materials and supplies, and salaries and benefits, a \$.2 million increase in Water materials and supplies, a \$.3 million increase in Wastewater contractual services and salaries and benefits, a \$1.0 million decrease in Environmental Services contractual services and materials and supplies.
- For the fiscal year-ended June 30, 2020, the County's Governmental Funds reported combined ending fund balance of approximately \$102.1 million. This is an \$8.1 million increase from the end of fiscal year 2019. In large part, the increase in fund balance is attributable to expenditures in contractual services being significantly under the revised budget in the current fiscal year. The fund balance in the General Fund increased by \$8.3 million from prior year to \$42.6 million in fiscal year 2020. Cumulatively all other governmental fund balances decreased by \$.2 million from prior year.

USING THE COMPREHENSIVE ANNUAL FINANCIAL REPORT

This Comprehensive Annual Financial Report (CAFR) is presented in four sections:

- 1) Introductory section, that includes the Transmittal Letter and general information;
- 2) Financial section that includes:
 - a. Independent Auditors' Report,
 - b. Management's Discussion and Analysis (this part),
 - c. The Basic Financial Statements, that include the Government-wide and the Fund financial statements, along with the Notes to these financial statements,
 - d. Other financial statements and required supplementary information;
- 3) Statistical Section; and
- 4) Other Information

Non-financial factors that help shape the County's finances are presented in both the Statistical Section and in the section entitled Other Information. Examples of non-financial factors are characteristics of the County population and assessed property values. Please consider non-financial factors when analyzing the County's overall financial condition.

The Basic Financial Statements

The County's basic financial statements are comprised of three components 1) Government-wide financial statements; 2) Fund financial statements and 3) Notes to the financial statements. This set of financial statements provides both long-term and short-term views of the County's financial activities and financial position. See Table 1 for a comparison of the major features of these statements. Required Supplementary Information is included in addition to the basic financial statements.

Government-wide Financial Statements are designed to provide readers with a broad overview of County finances, in a manner similar to that used by private-sector businesses. These statements are reported using the economic resources measurement focus and the accrual basis of accounting and include:

The Statement of Net Position presents information about the financial position of the County as a whole, including all its capital assets and long-term liabilities on a full accrual basis of accounting with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating. There are three categories of net position reported:

- a) *Net investment in capital assets*, represent land, buildings, machinery, equipment and infrastructure, such as pavement, bridges, parks and streetlights, less the amount of unpaid debt related to make or buy them.
- b) *Restricted* reflects amounts restricted either by contract or by law.
- c) *Unrestricted* are available to run the daily operations of the government and pay its current expenses.

The Statement of Activities presents information showing how net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of the related cash flows*.

Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of these Government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a portion of their costs through user fees and charges (*business-type activities*).

Governmental Activities - All of the County's basic services are considered to be governmental functions, including County Council, Municipal Court, County Manager, County Attorney, County Clerk, County Assessor, Administrative Services, Community Development, Community Services, Police, Public Works, and Cemetery. These services are supported by general County revenues such as taxes, and by specific program revenues such as fees.

Business-type Activities - All of the County's enterprise activities are reported here, including Joint Utility System (Electric, Gas, Water, and Wastewater), Environmental Services, Transit, Fire, and Airport. Unlike governmental services, these services are generally supported by charges paid by users based on the amount of service they use.

Government-wide Financial Statements are prepared on the accrual basis of accounting that means they include all economic resources of the County as a whole. The Government-wide financial statement can be found on pages 28-30 of this report.

Fund Financial Statements are groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate finance-related legal compliance. All of the funds of the County can be divided into three categories: *governmental funds*, *proprietary funds* and *fiduciary funds*.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the Government-wide financial statements. However, unlike the Government-wide statements, governmental funds financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the County's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the Government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the Government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balance provide a reconciliation to facilitate this comparison between governmental fund and governmental activities. The governmental funds financial statements can be found on pages 32-56 of this report.

Proprietary funds include two fund types. *Enterprise funds* are used to report the same functions presented as business-type activities in the Government-wide financial statements. The County uses enterprise funds to account for the Joint Utility System comprised of the Electric, Gas, Water, and Wastewater subfunds. Other enterprise funds are the Environmental Services, Transit, Fire, and Airport funds. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds to account for the maintenance and replacement of the County's central equipment pool and for the County's insurance for health, workers

compensation, unemployment, retiree health care, and property and general liability. The proprietary funds financial statements can be found on pages 58-63 of this report.

Fiduciary funds are used to account for resources held for the benefit of parties outside the County. Fiduciary funds are not reflected in the Government-wide financial statements because the resources of those funds are not available to support the County's own programs. This includes the Los Alamos County Employees Pension Fund and the Agency Fund. The Agency Fund is used to account for property taxes and other fees and assessments that are collected by the County for, and distributed to, other governmental entities. The fiduciary funds financial statements can be found on pages 65-66 of this report.

Table 1: Major Features of the Basic Financial Statements

	County-wide Financial Statements	Fund Financial Statements		
		Governmental Funds	Proprietary Funds	Fiduciary Funds
Scope	Entire County government (except fiduciary funds)	Activities of the County that are not proprietary or fiduciary	Activities of the County that are operated similar to private sector businesses	Instances in which the County is the trustee or agent for someone else's resources
Required financial statements	Statement of net position Statement of activities	Balance sheet Statement of revenues, expenditures, and changes in fund balances	Statement of net position Statement of revenues, expenses, and changes in net position Statement of cash flows	Statement of fiduciary net position Statement of changes in fiduciary net position
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus	Accrual accounting and economic resources focus
Type of asset/liability information	All assets and liabilities, both financial and capital, short-term and long-term, and deferred inflows and outflows of resources	Only assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets included	All assets and liabilities, both financial and capital, short-term and long-term, and deferred inflows and outflows of resources	All assets and liabilities, both short-term and long-term
Type of inflow/outflow information	All revenues and expenses during the year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year Expenditures when goods or services have been received and payment is due during the year or soon thereafter	All revenues and expenses during the year, regardless of when cash is received or paid	All revenues and expenses during the year, regardless of when cash is received or paid

Notes to Financial Statements are provided on pages 67-119 and contain additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net Position

The County's net position, the amount of assets and deferred outflows after subtracting related liabilities and deferred inflows, was \$431.1 million at fiscal year-ended June 30, 2020. This is an increase of \$6.3 million in net position, or 1.46%, as compared to the prior fiscal year-end. Analyzing changes in the relative mix of capital assets, restricted and unrestricted net position provides additional indicators of financial position. Please see Table 2 below for a high level summary of net position for fiscal year 2020 compared to fiscal year 2019.

Table 2

Deferred inflows of resources	<u>13.9</u>	<u>6.5</u>	<u>19.4</u>	<u>12.2</u>	<u>33.3</u>	<u>18.7</u>
Net position:						
Net investment in capital assets	241.8	243.6	190.3	190.7	432.1	434.3
Restricted	41.2	38.6	18.7	7.2	59.9	45.8
Unrestricted	(5.0)	(10.0)	(55.9)	(45.3)	(60.9)	(55.3)
Total net position	<u>\$ 278.0</u>	<u>272.2</u>	<u>153.1</u>	<u>152.6</u>	<u>431.1</u>	<u>424.8</u>

The largest portion of the County's net position is net investment in capital assets (e.g. land, buildings, infrastructure, machinery and equipment). As of June 30, 2020, this amount was \$432.1 million (100.3% of total net position). This percentage is higher than 100% due to a large increase in negative unrestricted net position due to the restatement from the adoption of GASB 75 in fiscal year 2018. This also compares to \$434.3 million (102.2% of total) net investment in capital assets for the previous fiscal year-end, a net decrease of \$2.2 million or .51%. This decrease is primarily the net result of three factors: paying down capital related debt, using accumulated unrestricted net assets to fund capital projects, and an increase in depreciation due to the capitalization of large assets in prior years. Capital assets, including construction work in progress, are not available for future spending because the County uses them to provide its services.

The balance of restricted net position is \$59.9 million (13.9% of total net position) at fiscal year-end 2020, an increase of \$14.1 million or 30.57% compared to the prior year. Restricted net position balances in the business-type activities increased \$11.5 million as additional cash and investments were set aside in the current fiscal year to establish reserves for operational expenses, capital expenses, and contingency expenses in the Joint Utility Fund. Restricted net position balances in the government-type activities increased \$2.5 million. The most significant changes were in the General Fund where the restricted balance for cash requirements increased \$1.6 million due to the increase in the current year revised budget and a \$.8 million increase in grants from granting agencies. Cumulatively other net position balances increased by \$.1 million.

The remaining negative \$60.9 million of the County's net position is categorized as unrestricted. Unrestricted net position decreased in fiscal year 2020 by \$5.6 million, which differs significantly from the prior year \$6.6 million increase. The most significant reason for the decrease is due to the establishment of operating, capital and contingency restrictions in the Joint Utility Fund in the current fiscal year.

Changes in Net Position

Table 3 shows changes in net position as a result of revenues and expenses generated by governmental and business-type activities.

	Governmental Activities		Business-type Activities		Total

Governmental Activities

Governmental activities during the year increased the County's net position by \$4.8 million for fiscal year 2020 as compared to the prior year. This section compares results of governmental activities for fiscal year 2020 to fiscal year 2019 as summarized in Table 3.

Total revenues were \$66.4 million in fiscal year 2020, approximately \$1.9 million less than the previous year. Key variances include:

- An increase of \$1.7 million in capital grants and contributions;
- A decrease of \$.2 million in gross receipts taxes and \$.3 million in state shared revenue from fiscal year 2019 primarily due to decreases in spending at LANL, the largest single employer in the county affected the taxable revenue base and the remainder due to the economic impact of COVID-19 on decreases in retail gross receipts
- A \$6.0 million loss on capital assets which is a decrease of \$3.3 million from prior year. The loss is due to construction work in progress projects being captured as maintenance expenditures primarily on road projects, versus being capitalized;
- A \$.1 million decrease in charges for services and a \$.3 million decrease in grants and contributions;
- Interest and investment earnings decreased by \$.9 million compared to the prior fiscal year which was reflected primarily in balances invested in market based funds with the New Mexico State Investment Council;
- Property taxes increased by \$.5 million; and
- Operating grants and contributions increased by \$1.0 million from fiscal year 2019.

Total expenses for governmental activities were \$61.5 million in fiscal year 2020, or approximately \$5.1 million less than the previous year. Key variances include:

- A decrease of \$4.8 million in General Government which includes reductions of roughly \$3.1 million in contractual services related to major fund maintenance projects, reduced debt service expenses of \$1.2 million, and \$.5 million decrease in capital projects related to information technology.;
- An increase of \$.9 million in Public Safety costs mainly related to indirect costs charged to Fire and a \$.5 million decrease in Physical and Economic Environment contractual services and materials costs;
- A decrease in Transportation of \$1.6 million which includes a \$1.5 million decrease in contractual services and a \$.1 million decrease in supplies;
- An increase in Health and Welfare expenses of \$.7 million which includes increases in contractual and professional services; and
- An increase of \$.2 million in Culture and Recreation related to ice rink and golf course capital improvements.

Figure 1 compares program revenues to expenses for governmental activities at the fiscal year-end 2020. This analysis demonstrates how dependent the County is on its ability to collect gross receipts, property and franchise taxes to fund basic services. At fiscal year-end, governmental activities' program expenses were far greater than related program revenues, resulting in the use of \$53.5 million in general revenues and accumulated net position from governmental activities. Approximately 13.1% of governmental program expenses were covered by program revenues during fiscal year 2020, which is an increase compared to last year, at 8.3%.

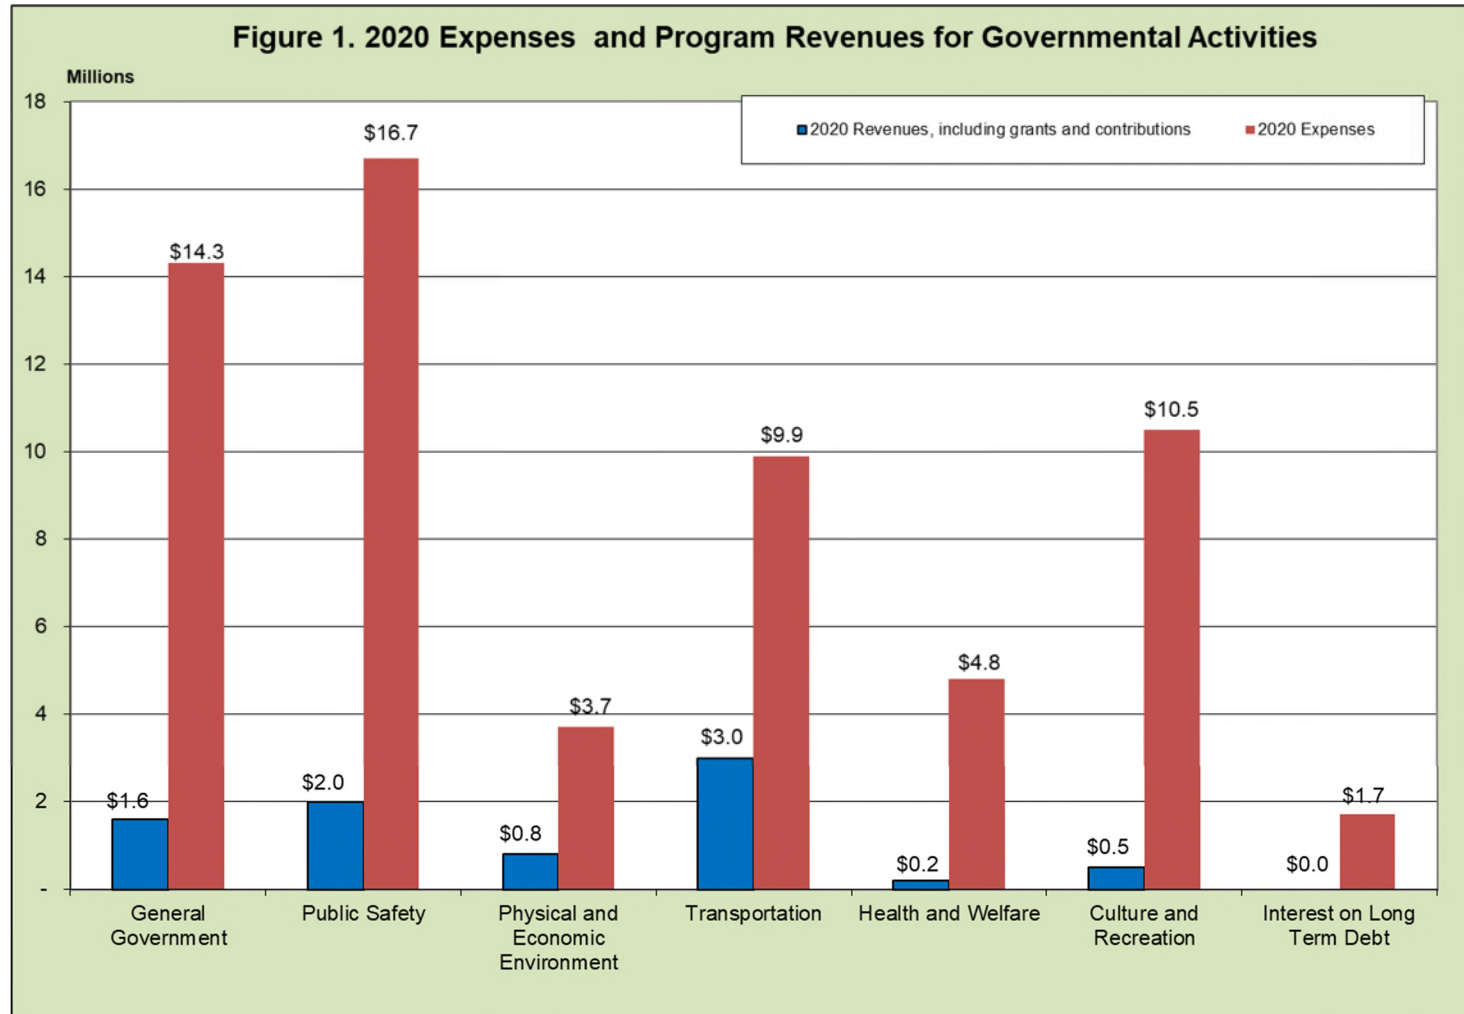

Figure 2 shows the mix of revenues by source for Governmental Activities. This chart demonstrates the relative importance of different types of taxes to the mix of general revenue in 2020. It should be noted that the State shared tax revenue not restricted to specific programs is almost entirely State Shared GRT revenue, so combined with locally imposed GRT tax increments, total GRT revenues made up approximately 72.5% of Governmental Activities revenues, which is a 2.14% decrease from the prior year. This change is primarily due to the \$.2 million increase in GRT and \$.3 million in State Shared GRT from fiscal year 2020.

Business-type Activities

Business-type activities increased the County's net position by \$.5 million for the fiscal year-ended June 30, 2020. This compares to a \$5.4 million decrease during the previous fiscal year. This section compares results of business-type activities for fiscal year 2020 to fiscal year 2019 as summarized in Table 3.

Total revenues and contributions were \$96.2 million in fiscal year 2020; approximately \$.8 million more than the previous year. This includes a decrease of \$.9 million in charges for services due to lower utility electric consumption. There was also a \$1.1 million increase in operating and

capital grants and contributions received. There was an increase in the gain on sale of capital of \$.7 million and a decrease in investment earnings of \$.1 million from the previous year.

Total expenses were \$94.8 million in fiscal year 2020, a \$4.5 million decrease over the previous year. The total Joint Utility System experienced a decrease of \$3.5 million in expenses from prior year. The Electric fund experienced a \$3.4 million decrease in cost of purchased power. The Gas fund had a \$.5 million decrease in cost of gas while the Water fund had an increase of \$.2 million in materials and supplies. The Waste Water fund had an increase of \$.2 million in salaries and benefits over prior year and a \$.1 million increase in contractual services. The Environmental Services fund had a \$.9 million decrease in contractual services.

Figure 3 compares program revenues to expenses for business-type activities for fiscal year 2020. This chart demonstrates to what degree revenues covered expenses for each program by type of activity. Overall, total business-type program expenses exceeded total program revenues by approximately \$2.5 million in fiscal year 2020 as compared to fiscal year 2019 where program revenues exceeded program expenses by \$7.2 million. The fire function appears to have program losses but receives gross-receipts tax general revenues to help balance its net activity and offset some of its program losses.

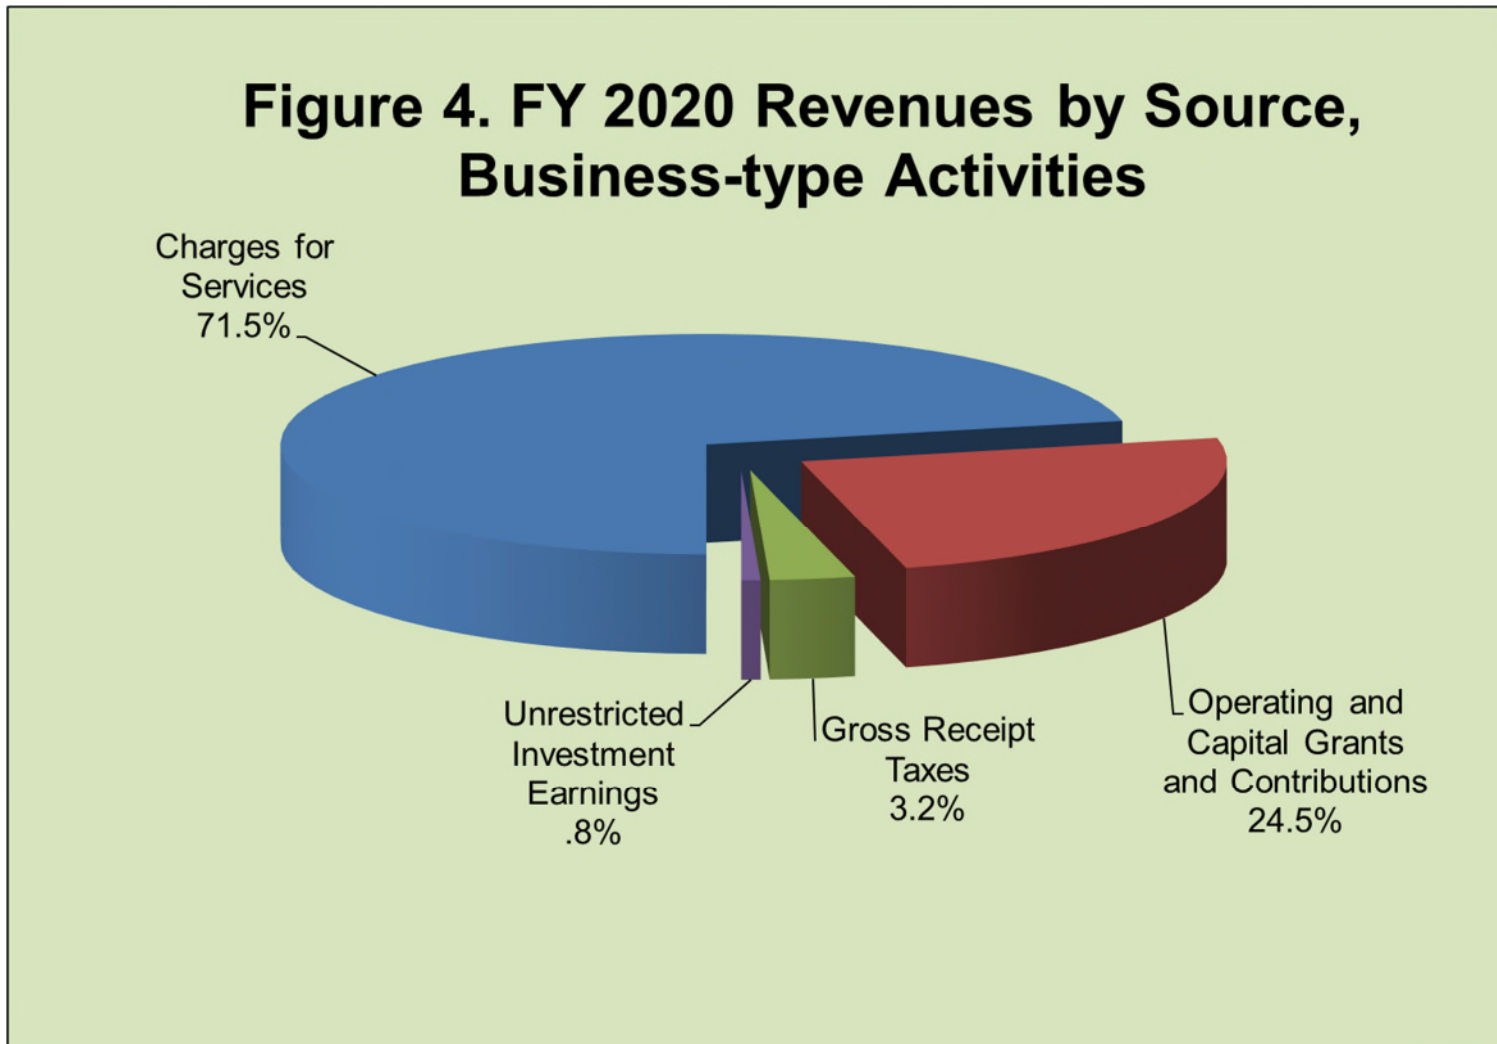

Figure 4 demonstrates that approximately 71.5% of business-type activities revenues were generated from user charges for services in fiscal year 2020, which remained respectively unchanged when compared to fiscal year 2019. In fiscal year 2020, operating and capital grants made up 24.5%

of revenues, up approximately 1.1% from fiscal year 2019. Investment earnings made up .8% of revenues, which remained respectively unchanged when compared to fiscal year 2019.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S MAJOR FUNDS

Analysis of Total Governmental Funds - County governmental funds account for current year revenue, expenditures, and balances of resources available for spending. For the fiscal year-ended June 30, 2020, the County's governmental funds reported combined ending fund balance of approximately \$102.1 million. Overall, this was an \$8.1 million increase from the prior year. Activities that impacted fund balance compared to the prior year include a \$.9 million increase in interdepartmental services and a \$.5 million increase in property taxes in the governmental funds. Licenses and permits increased a total of \$.1 million from prior year while general government expenditures decreased by \$2.4 million related to materials and supplies, along with decreased spending of roughly \$3.7 million in contractual services and capital projects, and physical and economic environment expenditures decreased by \$.5 million from the prior year. Fund balances are comprised of four categories:

- \$1.8 million was nonspendable at fiscal year-end 2020, a \$.2 million increase over the prior year. The nonspendable balances are reported separately to indicate that certain assets do not represent available, spendable resources even though they are a component of net position. These assets are not expected to be converted to cash in time to pay current obligations. Nonspendable balances typically includes long-term receivables and advances to other funds, inventories, prepaid items, and assets held for resale (only in the general fund).
- \$40.3 million of fund balance in governmental funds was restricted at fiscal year-end 2020, a \$2.6 million increase from the prior year. The largest single restricted balance is \$30.1 million in the Capital Projects Permanent Fund, which represents the restricted principal balance (\$27.1M) and income stabilization (\$3.0M) which is restricted per the County code. The income stabilization restricted balance decreased \$.4 million per the annual inflationary calculation required to maintain the real value of the principal. Restricted balances have external restrictions imposed by creditors, grantors, contributors, laws, regulations, or enabling legislation which require the resources to be used only for a specific purpose. This includes certain balances where the imposition of the revenue by Federal or State law restricts the expenditure to a specific purpose. Cumulatively, other restricted fund balances increased approximately \$3.0 million mainly due to an increase in restricted cash requirements.
- \$.5 million of governmental funds' fund balance was committed at fiscal year-end 2020. This includes certain balances where the imposition of the revenue is by County code. The balance in this category is made up of fund balance committed to art in public places and increased by \$.1 million from the prior year.
- \$29.0 million of governmental funds' fund balance was assigned at fiscal year-end 2020 which was a \$.4 million decrease from the prior year. These fund balances have constraints imposed by County Council policies and direction prior to fiscal year-end, but are not reflected in County ordinances. The fund balance assigned to capital projects in FY2020 decreased \$2.2 million as capital expenditures to fund new and existing projects exceeded transfers-in. The balance assigned for continuing appropriations increased \$1.2 million as \$2.4 million was approved to be carried over to fiscal year 2021 compared to \$1.2 million which was approved to be carried over to fiscal year 2020 from fiscal year 2019. The balance assigned for fire services increased by \$.2 million as a result of assigning 1% to total program incurred costs. The balance assigned for economic development increased \$.3 million from prior year.
- The remaining \$30.5 million of fund balance was unassigned. \$30.4 in the General Fund and (\$.5) million in the Emergency Declarations Fund. This is a \$5.0 million increase in the General Fund from the prior year. Unassigned fund balance represents residual amounts that have not been restricted, committed, or assigned. This balance includes the residual fund balance of the General Fund and all other governmental funds. A significant portion of this change resulted from a reduction in expenditures in the current fiscal year.

General Fund - The General Fund is the main governmental operating fund of the County. Its total fund balance for the fiscal year-ended June 30, 2020 was approximately \$42.6 million as compared to \$34.2 million at the prior year-end, amounting to a net \$8.3 million increase. Revenues exceeded expenditures by \$8.3 million, and some notable differences over prior year include an increase in Interdepartmental revenue in fiscal year 2020 by \$.9 million; a decrease in General government expenditures related to salary savings, contractual services, capital projects and materials

and supplies of \$6.8 million; and a decrease of Transportation expenditures by \$.6 million. See page 22-23 for a more detailed explanation of General Fund Budgetary Highlights. Two measures of the General Fund's liquidity are: (1) the percent of total fund balance as a percent of expenditures and (2) the spendable/unrestricted fund balance as a percent of expenditures. The total fund balance was 79.5% of expenditures and the spendable/unrestricted component was 64.0% of expenditures. Both liquidity measures increased as compared to the prior year as a result of the larger fund balance increase in fiscal year 2020. Significant account balances and transactions in the General Fund included:

- \$11.6 million transferred out to other funds which includes \$4.5 million to the Gross Receipts Tax Revenue Bond Debt Service Fund (for debt service). Other notable transfers out were \$5.6 million to the Capital Improvement Projects Fund (for capital projects), \$.8 million to the Transit Fund (to support operations), \$0.3 million to the Health Care Assistance Fund (to support community programs), and \$0.2 million to the Airport Fund (to support operations).
- \$12.0 million due from other governments, due primarily from the State of New Mexico for their portion of gross receipts taxes that is shared locally with the County and the GRT that the State collects on behalf of the County for locally imposed GRT increments. This balance is \$3.2 million higher than the prior year as a result of increased grant revenue accruals recorded in fiscal year 2020.
- \$6.4 million is restricted for cash requirements. The State requires that one-twelfth of General Fund revised-budgeted expenditures be maintained as a cash reserve.
- Unassigned fund balance of the General Fund increased by \$5.5 million, as a result of the County spending significantly less than its current year budgeted expenditures.

Economic Development Fund - The Economic Development Fund (special revenue fund) accounts for receipt, management, investment, and expenditure of the buyout payment received from the Department of Energy under the Atomic Energy Communities Act. The assignment of \$8.5 million of fund balance recognizes that this is a one-time resource for the County to use to help develop the local economy so that it is less dependent upon the Los Alamos National Laboratory (LANL). The \$6.0 million total fund balance at the end of fiscal year 2020 was \$.3 million higher than in the prior fiscal year. Expenditures exceeded revenues by \$.6 million with the balance resulting from transfers in of \$1.5 million.

Housing Sub-fund: During fiscal year 2020, the County issued mortgage loans totaling \$107 thousand under its Housing Rehabilitation Program and \$103 thousand under its Down Payment Assistance Program. The loans vary in terms and conditions for repayment based on affordability periods and qualifying events that may trigger future repayment.

Emergency Declarations Fund – The Emergency Declarations Fund (special revenue fund) accounts for revenues and expenditures associated with the response to and recovery from declared emergencies including the Las Conchas Fire which began July 26, 2011, flooding events within the community in September 2013, and the public health emergency resulting from the COVID-19 pandemic which began in March 2020. The fund reflects a fund balance of \$0.2 million, an increase of \$.7 million from the prior year.

Capital Improvement Projects Fund - The Capital Improvement Projects Fund accounts for the financing and construction of structures and improvements approved by the County Council. The total fund balance at fiscal year-end was \$19.8 million, which represents the unspent portion of previously approved and funded capital projects. The fund balance decreased by \$2.0 million from the prior fiscal year as expenditures exceeded transfers-in to fund new and existing projects. Significant capital expenditures in fiscal year 2020 include the following: \$4.0 million on the Diamond Drive pavement rehab, \$.9 million on the Golf Course improvement project, and \$.9 million on the Ice Rink improvement project.

Capital Projects Permanent Fund – The Capital Projects Permanent Fund accounts for amounts received as a settlement of prior years' gross receipts taxes, and that was set aside by the County Council and the County Charter for capital projects. These amounts are invested, and the real value of the fund principal is required by County Charter to be maintained at an annual level that keeps pace with the implicit price deflator for the

gross domestic product. The minimum principal requirement of approximately \$27.1 million, as of June 30, 2020 is identified as restricted in fund balance to recognize the County Charter restrictions. When there is investment income in excess of the principal maintenance requirement, it is made available for expenditure in the Capital Improvement Projects Fund. During fiscal year 2020, \$1.3 million was transferred out to the CIP fund as regularly scheduled. The balance in this fund is primarily invested in long-term pooled funds with the New Mexico State Investment Council. Total ending fund balance at June 30, 2020 was \$30.1 million, an increase of \$.1 million from the prior year.

Analysis of Total Proprietary Funds - The County proprietary funds provide detail about the same type of information found in the government-wide financial statements. This analysis of proprietary funds focuses on the significant balances and operations of individual funds, reasons why these balances changed, and significant limitations on future uses.

Joint Utility System Fund - The most notable balances and transactions in the Joint Utility System Fund were:

- \$178.2 million in capital assets (net of accumulated depreciation of \$168.0 million), including electric production and distribution assets, water production and distribution assets, gas distribution assets and wastewater collection and processing assets. This balance decreased by approximately \$2.8 million in fiscal year 2020;
- \$26.5 million in debt related to the Utility plant in service, which is \$3.2 million lower than the prior year with the fiscal year regularly scheduled debt service payments;
- \$11.2 million restricted for future liabilities special closure costs related to the San Juan Plant decommissioning and Laramie River decommissioning. This increased \$.4 million from the prior year as more restricted funds were set aside for the County's share.
- \$11.7 million in pension liability decreased by \$.8 million, deferred pension outflows decreased by \$1.2 million from a \$1.1 million increase in prior year, and \$.9 million in deferred pension inflows increased by \$.7 million from the prior year, all related to the increase in the County's share of the pension liability.
- Operating revenues were \$58.6 million in fiscal year 2020, a decrease of \$2.1 million compared to the prior year. The decrease is the result of a \$2.5 million decrease in revenues in electric (due mostly to a decrease in wholesale sales to LANL based on its demand) and a \$.4 million increase in revenues in wastewater (due to higher demand);
- Operating expenses were \$3.1 million lower at \$56.8 million in fiscal year 2020, compared to \$59.9 million in fiscal year 2019. The decrease is the net result of: a decrease of \$3.3 million in the Electric subfund, related to decreased contractual services and materials and supplies, and; a \$.2 million increase in the Water subfund materials and supplies costs.

Environmental Services Fund – The Environmental Services Fund has a long-term liability balance of \$5.6 million. Of this, \$.3 million is for landfill closure and monitoring and \$3.5 million is intergovernmental debt payable for a loan from the New Mexico Finance Authority that was used to fund the construction of the Solid Waste Transfer Station (EcoStation). The remainder relates to net pension liability, net other post employment benefits liability and compensated absences of \$1.8 million. Total operating and non-operating revenues of \$4.6 million exceeded expenses of \$3.8 million by \$.8 million in fiscal year 2020, compared to a \$0.3 million loss in the prior year. This increase is due to a \$.8 million decrease in contractual services expenses.

Transit Fund – The Transit Fund accounts for public transportation services provided to the community, with no additional user fees or charges, under the name Atomic City Transit (ACT). The fund is funded primarily through state and federal grants (\$2.8 million), payments from the North Central Regional Transit District (\$1.2 million), and transfers in from the general fund (\$.8 million). Other notable balances include the net other post employment benefits liability of \$.8 million, a decrease of \$.4 million from the prior year and the net pension liability of \$2.7 million, an decrease of \$.2 million from the prior year.

Fire Fund – On October 1, 2013 the County entered into a ten year cooperative agreement with the National Nuclear Security Administration (NNSA) to provide enhanced fire protection services to LANL (replacing a similar 5 year cooperative agreement). Under the agreement, the County pays a share of costs for operating the fire department. The County share for fiscal year 2020 was \$5.8 million. The intergovernmental revenue of \$19.2 million in the Fire Fund includes all operating grant revenue under the cooperative agreement. The Fire Fund has an ending negative net position of \$50.9 million, a decrease of \$2.3 million from fiscal year 2019, primarily related to the cumulative result of recording pension and post employment benefit liabilities in prior years. Total expenses of \$28.0 million exceeded operating and non-operating revenues of \$27.8 million by \$.2 million in fiscal year 2020.

Airport Fund – Net position decreased \$0.4 million as expenses of \$.9 million exceeded revenues of \$.3 million and transfers-in of \$.2 million. Depreciation on capital assets represents 62% of the operating expenses of the airport, which no longer has commercial air service.

GENERAL FUND BUDGETARY HIGHLIGHTS

General Fund revenues available for spending on budgeted needs were \$1.7 million less than the final revised budget of \$73.1 million. The variance between actual revenue and the revised budget was largely due to the variance in Intergovernmental revenues of \$1.1 million. Interest Income revenue was \$.6 million less than projected.

Actual General Fund expenditures were approximately \$10.4 million less than the final revised fiscal year 2020 budget. This variance was achieved through careful cost management measures across all departments. Most variances were less than 5% of budget, as the County has been managing to tighter budgets and cutting back for several years. The County Manager's Office was \$3.3 million or 41.8% under budget, Public Works was \$2.4 million or 17.9% below budget, Community Services was \$1.8 million or 14.5% below budget, Fire was \$1.1 million or 16.4% below budget, Police was \$.7 million or 7.1% below budget, Administrative services were \$.4 million or 5.3% below budget and the Public Works Department was 4.5% or \$.7 million under in its expenditure budget.

The revised budget for revenues of \$73.1 million was \$1.5 million higher than the adopted budget primarily as a result of grant revenue carryovers from the prior year. The revised budget for expenditures of \$65.1 million was \$4.0 million higher than the adopted budget. The increase is comprised of the following: approximately \$1.2 million for encumbrance carry overs, \$.3 million for Pavement Preservation, \$1.5 million for Major Facilities Maintenance, \$.2 million for Organization Excellence, \$.1 million for Public Health Office, and \$.4 million for Fire Mitigation.

A detailed statement of budget variances for the General Fund can be found on pages 42-52.

ADMINISTRATION OF CAPITAL ASSETS AND DEBT

Capital Assets - The County's total investment in capital assets for its governmental and business type activities as of June 30, 2020 was \$491.8 million, net of \$379.5 million in accumulated depreciation. This investment in capital assets includes land, utility plant, facilities and buildings, machinery and equipment, parks and recreation facilities and improvements and infrastructure such as highways, roads, sidewalks, storm drains, storm inlets, bridges, traffic lights, flasher beacons and streetlights. Total capital assets for the County decreased by approximately \$8.4 million from 2019 to 2020 or -1.68%. Capital assets associated with governmental activities decreased by \$4.6 million mostly due to the \$1.3 million disposal of land, \$.8 million cumulative disposal of machinery and equipment and infrastructure, depreciation of \$8.5 million, a \$.2 million transfer of assets to proprietary funds, and net increase to equipment, infrastructure and construction in progress of \$6.2 million. Capital assets associated with business-type activities decreased by \$3.9 million due to the cumulative effect of \$10.1 million increase in accumulated depreciation, \$.1 million addition in

utility plant in service, \$.1 million increase in improvements, \$1.3 million increase in machinery and equipment, and an increase of \$4.7 million in construction work in progress. Additional information about the County's capital assets can be found on pages 88-90.

A year over year comparison of changes in capital assets is shown in Table 4 (next page).

Total	\$ 271.6	276.2	220.2	224.0	491.8	500.2

Administration of Debt - From fiscal year 2019 to 2020, the County's total debt payable for governmental and business-type activities combined decreased by \$7.0 million as regularly scheduled debt service payments of \$7.3 million were made and debt issuance of a \$.3 million New Mexico Environment loan was made to finance the construction of a new wastewater treatment facility. The total cost for the wastewater treatment facility is estimated to be \$17 million. The facility will be completed in fiscal year 2022 at which time the County will be issued a debt service schedule and will start making payments on the loan in fiscal year 2023. Closure costs for the landfill decreased by \$.3 million as the New Mexico Environment Department Solid Waste Bureau approved and updated the post-closure cost estimate for the Los Alamos County Landfill for the remaining 22 years of the post closure care period. Based on the updated estimate, as of June 30, 2020, the County adjusted the total landfill closure liability to the estimated \$1,277,700. The County has applied a method to reserve 5 years or \$348,463 of the total cost for the remainder of the long-term liability. This reserve is in excess of the financial assurance requirements, and has been put in place for any additional costs that may arise due the nature of continuous monitoring of the landfill. The reserve of \$358,491 is reflected in restricted assets in the Environmental Services Fund as of June 30, 2020. Closure costs for the Joint Utility System Fund increased by \$.3 million. The County has no General Obligation debt outstanding. See additional information in Note 9 in the Notes to Financial Statements, starting on page 103.

ECONOMIC FACTORS AND THE FISCAL YEAR 2021 ADOPTED BUDGET

The proposed budget was developed prior to the COVID-19 (coronavirus) outbreak. On March 18, 2020, Council Chair Sara Scott declared a local public health emergency because of the novel coronavirus COVID-19. "Declaring this public health emergency is a prudent step for us to take at this time. It opens the door for us to allocate resources to immediate needs, as well as being able to access state or federal funds for recovery and response," Scott said. The County Office of Emergency Management is working closely with LA Medical Center, LANL, other local entities, and State health officials to prepare for Coronavirus to emerge here in Los Alamos.

The County's senior management team and the County Manager worked together to formulate a plan to keep our community and County employees safe, as well as to comply with emerging health guidance from the Governor and state agencies. County facilities including the library, senior centers and recreation facilities were closed to the public on March 16th.

As of March 18th, County employees providing essential services who had the ability to work from home (telecommute) were given assigned work and County-issued laptops. Department Directors identified employees that fall within this category, including any employee who may be at higher health risk if they contract COVID-19. Employees providing essential services who have a job that requires them to be in the field, such as public safety or utilities' workers, will report to work as scheduled. All other employees who provide non-essential services, as defined and determined by Department Directors and with approval from the County Manager, will remain at home. They will be on special Emergency Paid Leave status, must be in contact with their Supervisor daily, and could be recalled to work at any time. County employees continue to provide the citizens of Los Alamos with necessary, essential services.

A driving force in developing our budget each year is the estimation of County revenues. Gross Receipts Tax (GRT) accounts for 72% and Property Taxes accounts for 10.3% of the total General Fund budgeted revenues. The remaining General Fund revenues are comprised of user fees, interdepartmental charges, investment income, and grants. GRT is primarily from the community's largest employer, Los Alamos National Laboratory (LANL). LANL spending projections remain positive and are estimated to increase during the FY21 budget year, which adds stability to the County's primary revenue source, even with the downturn in economic conditions related to retail business from the COVID-19 emergency.

The County began preparing the budget in December. Guidance for budget development was for a 3% increase in salaries for non-collective bargaining employees, a 10% increase in medical premiums and other expenditure categories flat to the FY2020 adopted amounts except for contractually obligated increases. Based on the current projected revenues and Council's guidance to maintain a 20% reserve, there was an opportunity for Council to consider budget option expenditures in addition to the proposed budget, as well as potential expansion of county services and programs to focus on achieving the Council's strategic goals and continue to provide excellent day-to-day services to the citizens of Los Alamos.

The overall County adopted FY2021 expenditure budget is \$239.5 million as compared to FY2020 adopted expenditures of \$199.6 million. Overall County budgeted revenues are \$230.3 million as compared to FY2020 adopted revenues of \$202.9 million. The budget as adopted by Council included \$12.17 million in approved budget options, a 3% salary increase for non-collective bargaining employees and a 10% increase in medical premiums.

At a total of \$65.7 million, the General Fund FY2021 Adopted Budget expenditures are \$4.6 million or 7.5%, higher than in the FY2020 Adopted Budget. During the budget hearings, Council adopted \$4.2 million in budget options for the General Fund which included \$1 million for the County's COVID-19 response. The Capital Improvement Projects Fund increased by \$6.8 million which included \$1 million for the allotment for Los Alamos Public Schools' capital improvements. The Joint Utilities Fund is budgeted at \$18.1 million above fiscal year 2020 due primarily to \$14.8 million for

the White Rock Treatment Plant scheduled for construction in FY2021 and FY2022. The Fire Fund expenses are \$1.1 million higher than the fiscal year 2020 budget due to contracted changes in the Cooperative Agreement. The Fleet Fund is \$1.1 million higher than the prior year which accounts for increased replacement costs and scheduled maintenance. The remaining funds collectively were an increase of \$8.2 million over the prior fiscal year budget.

The increase in revenues is due to \$2.7 million increase in General Fund due primarily to increases in GRT. The Enterprise Funds have an increase of \$3.1 million, the Joint Utilities Fund has a \$14.8 million increase for the wastewater treatment plant loan and an additional \$6.8 million in grant/loans for various water projects, the Internal Service Funds have a \$1 million increase due primarily to the increased medical premiums. Given the unusually large concentration of employment and tax revenues in one employer – LANL - the County continues to adopt a conservative fiscal posture to help mitigate the potential negative effects of any significant unforeseen future changes.

REQUESTS FOR INFORMATION

The Comprehensive Annual Financial Report is designed to provide a general overview of the County's financial position. Questions about the information provided in this report and requests for more information should be addressed to the County of Los Alamos, Helen Perraglio, Chief Financial Officer, Finance, 1000 Central Avenue, Suite 300, Los Alamos, New Mexico 87544.

Major Governmental Funds

General Fund 010 - accounts for all financial resources traditionally associated with governments which are not required to be accounted for in another fund. It is the general operating fund of the County.

Economic Development Fund 170 - accounts for the receipt, management, investment, and expenditure of the buyout payment received from the U.S. Department of Energy under the Atomic Energy Community Act. This special revenue fund was established by County Council. In FY2017 the County added a Housing subfund 172 to account for the housing rehabilitation and affordable housing programs funded by the economic development subfund 171.

Emergency Declarations Fund 190 - this special revenue fund accounts for the revenues and expenditures associated with declared emergencies including the response and recovery to the Las Conchas Fire, which began June 26, 2011 and flooding events in the community in September 2013. During 2020, the County added a sub-fund related to the COVID-19 emergency to account for the related activity. This special revenue fund was established by County Council.

Capital Improvement Projects Fund 310 - this capital projects fund accounts for the financing and construction of structures and improvements approved by the County Council.

Capital Projects Permanent Fund 391 - this permanent fund accounts for amounts received under a settlement of prior years' gross receipts taxes, set aside by the County Council and the County Charter for capital projects. These amounts are invested, and the real value of the fund principal is maintained using the implicit price deflator for the gross domestic product. When there is investment income in excess of the principal maintenance, it is made available for expenditure in the Capital Improvement Projects Fund.

Other governmental funds - nonmajor governmental funds are shown in aggregate. Combining fund financial statements are provided following the notes to the financial statements.

Governmental Funds

Reconciliation of Balance Sheet to the Statement of Net Position June 30, 2020

Amounts reported for governmental activities in the statement of net position are different from those reflected in the governmental funds balance sheet because:

Total fund balance as reported in governmental funds balance sheet:	\$ 102,133,564
Capital assets (\$445,291,559), net of accumulated depreciation (\$173,691,071), used in governmental activities are not current financial resources and, therefore, are not reported in the governmental funds.	271,600,488
Long-term liabilities, including bonds payable (\$30,525,000), bond premium/discount (\$4,080,578), net pension liability (\$42,824,300), net other post employments liability (\$15,974,972) and compensated absences (\$3,679,292) are not due and payable in the current period and, therefore are not reported in the governmental funds.	(97,084,142)
Deferred outflow of resources related to advance refunding of long-term debt is not recorded in the governmental funds, but is included in the government-wide statement of net position.	4,826,909
Deferred outflow of resources related to the County's share of New Mexico Public Employee Retirement Association and the County's share of New Mexico Retiree Health Care Association benefits are not recorded in the governmental funds, but is included in the government-wide statement of net position.	8,903,570
Accrued interest payable on long-term liabilities are not recorded in the governmental funds, but are included in the government-wide statement of net position.	(111,430)
Deferred inflow of resources related to the County's share of New Mexico Public Employee Retirement Association and New Mexico Retiree Health Care Association benefits are not recorded in the governmental funds, but are included in the government-wide statement of net position.	(13,958,108)
Other long-term receivables are not available to pay for current period expenditures and, therefore are recorded as deferred inflows in the governmental funds.	4,123,925
Internal service funds are used by the County to charge the costs of equipment and risk management functions to individual funds. An internal balance is shown on the government-wide statement of Net Position to reflect the allocation of the internal service fund loss to the governmental funds from the business-type funds, where the internal service funds balances are combined.	(2,418,105)
Net position of governmental activities	\$ <u><u>278,016,671</u></u>

INCORPORATED COUNTY OF LOS ALAMOS

Governmental Funds

Reconciliation of Statement of Revenues, Expenditures and Changes in Fund Balance to the Statement of Activities Year ended June 30, 2020

Amounts reported for governmental activities in the statement of activities are different from those reflected in the governmental funds statement of revenues, expenditures, and changes in fund balance because:

Total net change in fund balance as reported in the governmental funds statement of revenues, expenditures, and changes in fund balance:	\$ 8,136,709
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their useful lives and reported as depreciation expense. This is the amount by which capital outlays (\$9,885,442) exceeded depreciation (\$8,510,120) in the current period.	1,375,322
Loss on disposal of capital assets is not recorded in governmental funds. This includes expenditures in the Capital Improvement Projects capital projects funds which did not result in the creation of a capital asset.	(5,835,781)
Transfers of capital assets to/from governmental capital assets from/to proprietary funds are not recorded in governmental funds.	(172,429)
The repayment of debt is reflected as a use of current financial resources in the governmental funds, but has no effect on net position.	3,090,000
The amortization of debt premiums and discounts does not use current financial resources, and therefore is not reported in the governmental funds.	445,361
The change in interest payable on long-term liabilities is not recorded in the governmental funds, but is included in the government-wide statement of net position.	10,300
Amortization of deferred amounts related to advance refunding of long-term debt is not recorded in the governmental funds, but is included in the government-wide statement of activities.	(689,558)
Expenses, such as compensated absences, reported in the statement of activities that do not require the use of current financial resources are not reported as expenditures in governmental funds.	(232,141)
The pension expense related to the County's share of New Mexico Public Employee Retirement Association benefits and the other post employment expense related to the County's share of New Mexico Retiree Heather Care Association benefits are not recorded in the governmental funds, but is included in the government-wide statement of net position.	(3,355,833)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the governmental funds.	2,797,743
Internal service funds are used by the County to charge the costs of equipment and risk management functions to individual funds. The net gain or loss of certain activities in internal service funds is reported with governmental activities.	217,611
Change in net position of governmental activities	<u>\$ 5,787,304</u>

INCORPORATED COUNTY OF LOS ALAMOS

NOTES TO FINANCIAL STATEMENTS

June 30, 2020

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. General Statement

The County of Los Alamos (County) was incorporated on December 10, 1968. Under the County Charter and State statutes, the County has all the rights and responsibilities of both a county and a municipality. The County provides traditional city and county services, operating under a council-manager form of government, in which the County Manager is the chief administrative officer.

The accounting and reporting policies of the County relating to the government-wide financial statements and governmental funds included in the accompanying basic financial statements conform to accounting principles generally accepted in the United States of America (GAAP) applicable to state and local governments. GAAP for local governments include those principles prescribed by the Governmental Accounting Standards Board (GASB).

The more significant accounting policies of the County are described as follows.

B. Financial Reporting Entity

The County's basic financial statements include the accounts of all County operations. To include organizations as component units within the County's reporting entity, as set forth in GASB Statement No. 14, *The Financial Reporting Entity*, GASB Statement No. 39, *Determining Whether Certain Organizations Are Component Units—an amendment of GASB Statement No. 14*, and most recently, GASB Statement No. 61, *The Financial Reporting Entity: Omnibus – An Amendment of GASB Statements No. 14 and Statement No. 34*, the following criteria would need to be met:

- the economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the County, its component units, or its constituents; and
- the County is entitled to, or has the ability to otherwise access, a majority of the economic resources received or held by the separate organization; and
- the economic resources received or held by an individual organization that the County or its component units is entitled to or has the ability to otherwise access are significant to the County; and
- for organizations that previously were required to be included as component units by meeting the fiscal dependency criterion, a financial benefit or burden relationship also would need to be present between the County and that organization for it to be included in the reporting entity as a component unit.

Based on the aforementioned criteria, the County of Los Alamos has no component units.

The County's Joint Utility System was established by Chapter 5 of the County Charter as a specific department of the County. The Joint Utility System is not a legally separate organization from the County. Therefore, it is included in these financial statements as an enterprise fund of the County.

C. Implementation of New Accounting Standards

New Accounting Standards

In fiscal year 2020, the County analyzed and reviewed the need for adoption of the following new accounting standards issued by the Governmental Accounting Standards Board (GASB) related to fiduciary activities, leases, equity interests and debt:

- GASB Statement No. 84 (GASB 84), “Fiduciary Activities”
- GASB Statement No. 87 (GASB 87), “Leases”
- GASB Statement No. 90 (GASB 90), “Majority Equity Interests”
- GASB Statement No. 91 (GASB 91), “Conduit Debt Obligations”

GASB 84 establishes criteria for identifying fiduciary activities. The criteria focus on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Fiduciary activities that meet these criteria should be reported in a fiduciary fund in the basic financial statements and should also present a statement of fiduciary net position and a statement of changes in fiduciary net position. GASB 84 primarily affects the Los Alamos County Pension Plan at June 30, 2020. The County will implement GASB 84 when it is effective in fiscal year 2021.

GASB 87 requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. GASB 87 establishes a single model for lease accounting based on the principle that leases are financings of the right to use an underlying asset. Under GASB 87, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. GASB 87 potentially affects the County’s operating leases. The County will implement GASB 87 when it is effective in fiscal year 2021.

GASB 90 establishes that ownership of a majority equity interest in a legally separate organization result in the government being financially accountable for the legally separate organization and, therefore, the government should report that organization as a component unit. GASB 90 does not impact Los Alamos County.

GASB 91 establishes a single method for reporting conduit debt obligations by issuers. Conduit debt obligation is defined as a debt instrument that has all of the following characteristics: (1) There are at least three parties involved: (a) an issuer, (b) a third-party obligor, and (c) a debt holder or a debt trustee. (2) The issuer and the third-party obligor are not within the same financial reporting entity. (3) The debt obligation is not a parity bond of the issuer, nor is it cross-collateralized with other debt of the issuer. (4) The third-party obligor ultimately receives the proceeds from the debt issuance. (5) The third-party obligor is primarily obligated for the payment of all amounts associated with the debt obligation. An issuer should recognize a liability associated with an additional commitment to support debt service if certain recognition criteria are met. GASB 91 primarily affects the County’s Local Economic Development Act (LEDA) project with Pebble Labs. The County will implement GASB 91 when it is effective in fiscal year 2022.

D. Basic Financial Statements

Basic financial statements consist of the following:

- Government-wide financial statements,
- Fund financial statements, and

- Notes to the basic financial statements.

The government-wide financial statements consist of the statement of net position and the statement of activities. These statements report information on all of the non-fiduciary activities of the County. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. All internal balances in the statement of net position have been eliminated, with the exception of those representing balances between the governmental activities and the business-type activities, which are presented as internal balances and eliminated in the total government column.

In the statement of activities, internal service fund transactions have been eliminated; however, those transactions between governmental and business-type activities have not been eliminated. Exceptions to this general rule are charges between the Joint Utility System Fund and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The statement of activities displays the extent to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment, while program revenues are those items that are applicable to customers who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment. Grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment are also included.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds. Fiduciary funds, however, are excluded from the government-wide financial statements. Major individual governmental funds and major enterprise funds are reported as separate columns in the fund financial statements.

E. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Measurement Focus and Basis of Accounting

The Government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Measurement focus refers to what is being measured; basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

It is important to note that the Internal Service Funds of the County are unusual in nature, since they predominantly serve enterprise funds (55% of interfund revenues). As such, the net position of these funds is reflected in the government-wide financial statements in the business-type activities.

The Governmental Fund Types (General, Special Revenue, Debt Service, Capital Project, and Permanent Funds) use a current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (when they become both measurable and available). "Measurable" means the amount of the transaction can be determined. "Available" means collectible within the current period or soon enough thereafter (2 months) to be used to pay liabilities of the current period.

Revenues, which are recognized when they become both measurable and available, include intergovernmental revenues and interest earnings. Expenditures are recorded when the related fund liability is incurred. Exceptions to this general rule include: principal and interest on general long-term debt, which are recorded when fund liabilities are due; and accrued vacation and sick leave which are recorded when payable from current available financial resources.

Property taxes are recognized as revenue when levied. Derived tax revenues (gross receipts taxes, cigarette taxes, gasoline taxes, etc.) are recognized when the underlying exchange transaction takes place. Revenues from fines and permits are not susceptible to accrual because generally they are not measurable until received in cash. Revenues, if available, from federal and state grants are recognized as soon as all eligibility requirements imposed by the individual grant provider and agreement have been met.

The Proprietary Fund Types are accounted for on an economic resources measurement focus using the accrual basis of accounting. Revenues are recorded when they are earned. Expenses are recorded at the time liabilities are incurred.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's enterprise funds and internal service funds are charges to customers for sales and services. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting these definitions are reported as non-operating revenues and expenses.

Fiduciary Fund Types (Pension and Agency Funds) use the accrual basis of accounting. The Pension Trust Fund is accounted for on an economic measurement focus.

Presentation of Funds

The accounts of the County are organized on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. The transactions of each fund are summarized in a separate set of self-balancing accounts, which include its assets, liabilities, fund balance, revenues, and expenses/expenditures. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements. Governmental funds are reported as major funds in the accompanying financial statements if they meet both of the following criteria:

- *Ten percent criterion* – An individual governmental fund reports at least 10 percent of any of the following: a) total governmental fund assets and deferred outflows, b) total governmental fund liabilities and deferred inflows, c) total governmental fund revenues, or d) total governmental fund expenditures.
- *Five percent criterion* – An individual governmental fund reports at least 5 percent of the total for both governmental and enterprise funds of any of the items for which it met the 10 percent criterion.

The County has elected to report the following governmental funds as major, although only the General, Capital Improvements Project Fund, and Capital Projects Permanent Fund would qualify using the basic criteria established by GASB 34. The major governmental funds are as follows:

- **General Fund** – The General Fund is the principal operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund. For the County, the General Fund includes most basic services, such as police, parks, recreation facilities and programs, library, and general administration.
- **Economic Development Fund** – The Economic Development Fund (special revenue fund) accounts for receipt, management, investment, and expenditure of the buyout payment received from the Department of Energy under the Atomic Energy Communities Act.
- **Emergency Declarations Fund** – The Emergency Declarations Fund (special revenue fund) accounts for revenues and expenditures associated with response to and recovery from the Las Conchas Fire which began June 26, 2011 and subsequent flooding events within the community in September 2013. In addition, recent snow storm and high wind events that occurred in early 2019 are also included in this fund. This special revenue fund was established by County Council.
- **Capital Improvement Projects Fund** – The Capital Improvement Projects Fund (capital projects fund) accounts for the financing and construction of structures and improvements approved by the County Council.
- **Capital Projects Permanent Fund** – The Capital Projects Permanent Fund accounts for amounts received under a settlement of prior year's gross receipts taxes, set aside by the County Council and the County Charter for capital projects. The original principal of this fund, adjusted for inflation, is restricted and non-expendable.

The County also reports the following non-major governmental funds: State Shared Revenue, Lodgers' Tax, State Grants/Other, Health Care Assistance, Other Special Revenues, and Gross Receipts Tax Revenue Bond Fund.

The County has elected to report all enterprise funds as major, although only the Joint Utility System and Fire Fund would qualify using the basic criteria established by GASB 34. The major enterprise funds are as follows:

- **Joint Utility System** – The Joint Utility System Fund accounts for the provision of electric, gas, water, and wastewater utility services to the community.
- **Environmental Services Fund** – The Environmental Services Fund accounts for the closure and monitoring of the County landfill, commercial and residential refuse collection, curbside and drop off recycling, and composting of yard waste.
- **Transit Fund** – The Transit Fund accounts for public transportation services provided to the community under the name Atomic City Transit (ACT).
- **Fire Fund** – The Fire Fund accounts for fire protective services primarily provided under a cooperative agreement between the County and the National Nuclear Security Administration, an agency of the U.S. Department of Energy (DOE).
- **Airport Fund** – The Airport Fund accounts for the operation and maintenance of the Los Alamos Airport.

The County has the following additional fund types:

- **Internal Service Funds** – The Internal Service Funds are used to account for vehicle maintenance and replacement, and risk management operations that provide services to other funds and departments of the County. As previously mentioned, the Internal Service Funds of the County are unusual in nature, since they predominantly serve enterprise funds.
- **Fiduciary Funds** – The Fiduciary Funds of the County consist of a Pension Trust Fund and an Agency Fund. The Pension Trust Fund is used to account for the Los Alamos County Employees Pension Plan, which is administered by the County. The Agency Fund primarily is used to account for property taxes and other fees and assessments collected for and distributed to other government entities along with the assets and liabilities of the Regional Coalition of LANL Communities of which the County serves as the fiscal agent.

F. Budgetary Control

Annual appropriated budgets are adopted for all funds using the modified accrual basis, including encumbrances, except as follows: capital projects funds are budgeted over the life of the projects and not on an annual basis; budgets are not adopted for the Pension Trust Fund and for the Agency Fund. All annual appropriations lapse at the end of the fiscal year, except as approved by Council as “Assigned for Continuing Appropriations” prior to the end of the fiscal year.

Actual expenditures and encumbrances may not exceed the budget at the department level within a fund, which is the legal level of budgetary control. Increases of appropriations within a fund or department and transfers between departments within a fund require approval of the County Council. Management may make transfers of appropriations within departments.

The budget process for the County is an on-going, year-round process. It formally begins in December when the Department Directors, the County Manager, and the County Council hold strategy meetings. Following these preliminary meetings, departments begin to prepare plans for maintaining, reducing, or deleting current services, and planning for new or enhanced services. The Office of the County Manager provides detailed budget guidelines to the departments in December or January. From these guidelines, the departments develop their preliminary budgets. Budget review meetings are conducted by Finance with departments and the Office of the County Manager. The County Council holds public hearings in April to consider the proposed budget and budget options. The County Council adopts the annual operating budget and capital improvement program at the budget hearings. Finally, the budget is submitted to the State of New Mexico Department of Finance and Administration (DFA) for its review and approval.

The Statements (or Schedules) of Revenues, Expenditures (or Expenses), Encumbrances, and Changes in Fund Balance (or Net Position) - Budget and Actual present comparisons of actual results of operations to budgetary data for those funds for which annual operating budgets are legally adopted. The effect of encumbrances is added to actual results for these comparisons.

Because the modified accrual basis is not the generally accepted accounting method for proprietary funds, differences result from budgeting for items such as encumbrances, capital outlay, and principal on debt repayments, and from not budgeting for items such as changes in compensated absences, bad debt expense, depreciation and amortization, inventory adjustments, special closure costs, and gains or losses on disposition of capital assets.

Reconciliations between the budget basis and GAAP basis are provided in the budgetary schedules.

G. Encumbrances

Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of resources are recorded to reserve that portion of the applicable appropriation, is utilized in all funds. Encumbrances are re-appropriated through a revision of the subsequent year’s budget.

H. Cash, Investments, and Equity in Pooled Cash and Investments

Most cash belonging to all funds (excluding certain segregated and restricted cash and investment balances) is pooled into one common account in order to maximize investment opportunities. Each fund whose monies are deposited in the pooled cash account has equity therein, and interest earned on the

investment of these monies is allocated to substantially all of the County's funds based upon relative equity at month-end. An individual fund's equity in pooled cash and investments is available upon demand and is considered to be "cash equivalents" when preparing these financial statements. In addition, any marketable securities that are owned by a specific fund and that are purchased with an average maturity of ninety days or less also are considered to be "cash equivalents." Significant negative balances incurred in pooled cash at year-end are treated as interfund receivables of the General Fund and interfund payables of the deficit fund, except where the deficit fund has liquid investments to offset the deficit in pooled cash. In such cases, the investments are shown net of the pooled cash deficit.

The County invests in securities authorized by State statutes and in accordance with County ordinances. See Note (3) for a comprehensive listing of allowable investments. When held as an investment, repurchase agreements are secured in accordance with state law, which requires collateral with a market value greater than 105% of the value of the agreement.

All of the County's investments are stated at fair value, in accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*. In the proprietary funds, there were not investments that required a fair value adjustment at June 30, 2020. The County does not have investments that are reported at amortized cost.

I. Accounts and Loans Receivable – Allowance for Doubtful Accounts

Where collection of trade and loan receivables is uncertain, the County provides an allowance for doubtful accounts. See item L. below for interfund receivables.

J. Property Taxes Receivable

Unpaid property taxes attach as an enforceable lien on property as of January 1, annually. Taxes are levied on November 1 and are payable in two installments no later than December 10 and May 10. Property taxes receivable are recorded as of the date levied. No significant amounts, which have been recognized as revenue under GAAP, remain unpaid at fiscal year-end. Property tax receivable balances are included in the accounts receivable balance in the general fund.

K. Prepaid Items

Prepaid balances are for payments made by the County in a current year to provide services occurring in subsequent fiscal years. Since these assets are not available for other subsequent expenditures they are categorized as a nonspendable component of fund balance. In the County's governmental funds, prepaid items are recorded under the purchases method and treated as expenditures rather than assets.

L. Interfund Receivables and Payables

Current amounts owed between funds are classified as "Due from/to other funds" in the governmental fund financial statements. Any non-current balance of interfund loans would be reported in the fund financial statements, classified as "Advances to/from other funds" and offset by a nonspendable component of fund balance in governmental funds. Any residual balances outstanding between governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

M. Inventories

Inventories in the General Fund consist of expendable supplies held for consumption and are valued at average cost. The average cost of inventory is recorded as an expenditure at the time of consumption. Inventories reported in the General Fund financial statement are offset by a *nonspendable* segregation of fund balance, which indicates that it does not constitute “available expendable resources” even though it is a component of net current assets.

The inventories in the proprietary funds consist of supplies that are recorded at average cost, which approximates lower of cost or market value.

N. Restricted Assets

Certain proceeds of Joint Utility revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet because their use is limited by applicable bond covenants. Certain loan proceeds and related cash equivalents balances are restricted assets in the Joint Utility Fund because their use is restricted for project expenses and debt reserve requirements. Certain cash balances are classified as restricted assets in the Joint Utility Fund because they are set aside for estimated closure and reclamation costs related to the San Juan Electric Generating Station and coalmine. There are also additional restricted assets related to the Laramie River reclamation. Additionally, certain cash balances are classified as restricted assets in the Environmental Services Fund because they are set aside for estimated landfill closure and post-closure costs. Certain cash balances are classified as restricted assets in the GRT Revenue Bond Debt Service Fund because their use is limited by applicable bond covenants. When both restricted and unrestricted resources are available for use, it is the County’s policy to use restricted resources first, and then use unrestricted resources as they are needed.

O. Capital Assets

Capital assets, which include property, plant, equipment (includes externally developed software), and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are recorded in the applicable governmental or business-type activities columns in the government-wide financial statements. County policy requires capitalization of assets with an initial, individual cost of \$5,000 or more. All capital assets are recorded at cost or, if contributed property, at their estimated acquisition cost at the time of contribution. Repairs and maintenance that do not add to the value of the asset or materially extend the life are recorded as expenses; improvements are capitalized. The County does not capitalize or depreciate the cost of library books. Additionally, the County is not internally developing computer software, which would require capitalization or depreciation.

Construction work-in-progress consists of labor costs, including related taxes, and material costs.

Most automotive and similar multi-use capital assets, other than those owned by and recorded in the proprietary funds, are the property of the County as a whole and are owned by the Equipment Fund, an internal service fund. Other funds rent these assets as needed. The interdepartmental charges (IDC) charged to the individual budget activities consists of two amounts, an equipment replacement IDC and a maintenance IDC. Both of these charges are recorded in the Equipment Fund as revenue. The equipment replacement IDC is calculated using replacement cost and estimated useful lives of the equipment. The maintenance IDC is recovering the total cost of Fleet Maintenance including fuel on a proration basis for all vehicles in the fleet.

Property, plant, and equipment is depreciated using the straight-line method over the estimated useful lives of the related assets, except for Electric Utility

Fund assets financed by certain long-term debt. An adjustment is made to the annual depreciation, based on annual debt service requirements to smooth annual expenditures for ratemaking purposes. This resulted in a decrease in depreciation expense of \$1.3 million in the year ended June 30, 2020.

The County has elected to depreciate its infrastructure assets consistent with its other assets, using the straight-line method. The purpose of depreciation is to spread the cost of capital assets equitably over the life of the assets. The amount charged as depreciation each year represents that year's pro rata share of the original cost of the capital assets. Depreciation on proprietary fund capital assets is charged as an expense against operations each year, and accumulated depreciation is reported on the statement of net position as a reduction in the book value of capital assets. Depreciation and accumulated depreciation of capital assets used in the operation of governmental funds are recorded and included in the government-wide financial statements.

Estimated useful lives used to compute depreciation are summarized in the following table:

Asset Category	Estimated Useful Life in Years
Buildings	30 - 50
Improvements other than buildings	10 - 20
Infrastructure	15 - 50
Equipment	5 - 10
Automotive equipment	7 - 20
Utility plant in service:	
Electric	10 - 50
Gas	10 - 50
Water	10 - 50
Wastewater	10 - 50

P. Deferred Outflows of Resources and Deferred Inflows of Resources

Deferred outflows of resources are defined as a consumption of net assets that is applicable to a future period. Deferred inflows of resources are defined as an acquisition of net assets that is applicable to a future period. Deferred outflows of resources increase net position, similar to assets, and deferred inflows of resources decrease net position, similar to liabilities. The components of deferred outflows and inflows are reported on the face of the financial statements.

Q. Compensated Absences

The County permits employees to accumulate a limited amount of earned but unused vacation, compensatory time, and sick leave. These compensated absences are accrued when they are earned in accordance with GASB Statement No. 16, *Accounting for Compensated Absences*. In proprietary funds and in the government-wide financial statements, the County has recorded liabilities for accumulated vacation leave, compensatory time, termination payments for sick leave, and associated benefits. All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. Compensated absences are reported in the governmental funds only if they have matured.

The County allows employees to accrue compensatory time up to 60 hours for exempt employees, 120 hours for nonexempt employees, and 240 hours for public safety employees. Sick leave accrues at 8 hours per month for all active regular and limited-term employees. Sick leave expense is recognized as employees utilize it, but the County does provide a termination payment of up to 520 hours (65 days) of sick leave when an employee retires under PERA retirement rules [see Note (8)].

The basis for recording these compensated absences is at the current hourly rate of each employee plus associated employer paid benefits except for termination sick leave which has been accrued based on five years of retiree payment experience and utilizing a composite hourly wage rate. The termination sick leave calculation provided an estimated benefit cost of approximately \$355 per year of service for active Fire Department employees at June 30, 2020, and approximately \$324 for other active County employees.

R. Pension – Participation in PERA

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the New Mexico Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA, on the economic resources measurement focus and accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

S. Postemployment Benefits Other Than Pensions (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the New Mexico Retiree Health Care Authority (NMRHCA) and additions to and deductions from NMRHCA's fiduciary net position have been determined on the same basis as they are reported by NMRHCA. For this purpose, NMRHCA recognizes benefit payments when due and payable in accordance with the benefit terms.

T. Long-term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenses at issuance. In accordance with GASB Statement No. 23, an unamortized charge, the difference between the reacquisition price and the net carrying amount of old debt, on refunding of debt is deferred and amortized to interest expense using the straight-line method in business-type activities. The unamortized charge is reported as a deferred outflow (debit) or inflow (credit) of resources on the corresponding statement of net position.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as other expenditures.

U. Net Position

The government-wide and business-type fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted and unrestricted. *Net investment in capital assets* describes the portion of net position which is represented by the current net book value of the County's assets, less the outstanding debt issued to finance those assets. *Restricted* describes the portion of net position which is restricted as to use by the terms and conditions of agreements with outside parties, governmental regulations, laws, or other restrictions which the County cannot unilaterally alter. *Unrestricted* describes the portion of net position which is not restricted as to use.

V. Fund Balance

In the fund financial statements, governmental fund balances represent the net current assets of each fund. Net current assets generally represent a fund's cash and investments plus deferred inflows of resources, less its liabilities and deferred outflows of resources.

The County's fund balances are classified in accordance with GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, which requires the County to classify its fund balances based on spending constraints imposed on the use of resources. For programs with multiple funding sources, the County prioritizes and expends funds in the following order, Restricted, Committed, Assigned, and Unassigned. Each category in the following hierarchy is ranked according to the degree of spending constraint:

Nonspendable fund balances represent balances set aside to indicate that certain assets do not represent available, spendable resources even though they are a component of assets. These assets are not expected to be converted to cash or are legally or contractually required to be maintained intact. Nonspendable balances typically include principal on permanent funds, long-term receivables and advances to other funds, inventories, prepaid items, and assets held for resale.

Restricted fund balances have external restrictions imposed by creditors, grantors, contributors, laws, regulations, or enabling legislations which require the resources to be used only for a specific purpose. This includes balances where the imposition of revenues is restricted by the County Charter.

Committed fund balances have constraints imposed by formal action of the County Council which may be altered only by subsequent formal action of the County Council. Committed fund balances are established by ordinance.

Assigned fund balances are amounts constrained by the County's intent to be used for a specific purpose, but are neither restricted nor committed. Via financial policies and formal action at Council meetings held prior to year-end, the County Council identifies certain fund balances to be assigned for future purposes. These amounts are reflected as assigned on the face of the financial statements.

Unassigned fund balance represents residual amounts that have not been restricted, committed, or assigned. This includes the residual General Fund balance and residual fund balance deficits, if any, of other governmental funds.

W. Stabilization Arrangement

The Capital Projects Permanent Fund has a portion of fund balance *Restricted for Income Stabilization* in accordance with County Code Sec. 20-361. This arrangement is in place to establish a cushion in the fund to allow market fluctuations to affect the stabilization balance, without impacting the real value of principal. The income of the Permanent Fund is used in the following priority: 1) first, to make additions to principal in an amount that maintains the real

value of the principal, and then if any income remains, 2) second, to make distributions for capital projects in accordance subsection (g) of the Code, and then if any income remains, 3) third, to make additions to the balance Restricted for Income Stabilization.

X. Interfund Transactions

Interfund transactions are classified as follows:

- **Services provided** – Transactions that would be treated as revenues, expenditures or expenses if they involved external organizations, such as buying goods and services are similarly treated when they involve other funds. These transactions are not eliminated in the consolidation to the government-wide financial statements.
- **Transfers** – Transactions to support the operations of other funds are recorded as “Transfers out/transfers in” and classified with “Other Financing Sources and Uses” in the fund financial statements. Transfers within governmental or proprietary fund groups are netted as part of the reconciliation to the government-wide financial statements.
- **Contributions** – Contributions to the capital of enterprise or internal service funds, transfers of capital assets between proprietary and governmental funds, transfers to establish or reduce working capital in other funds, and transfers of remaining balances when funds are closed are classified as non-operating revenue.

Y. Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities as of the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(2) STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Information

The adopted budget for FY2020 is the second year of the FY2019/2020 Biennial Budget. New Mexico State Statute and County Charter requires an annual budget. The budget process for the County is an on-going, year-round process. It formally begins in December when the Department Directors, the County Manager, and the County Council hold strategy meetings. Following these preliminary meetings, departments begin to prepare plans for maintaining, reducing, or deleting current services, and planning for new or enhanced services. The Office of the County Manager provides detailed budget guidelines to the departments in December or January. From these guidelines, the departments develop their preliminary budgets. Budget review meetings are conducted by Finance with departments and the Office of the County Manager. The County Council holds public hearings in April to consider the proposed budget and budget options. The County Council adopts the annual operating budget and capital improvement program at the budget hearings. Finally, the budget is submitted to the State of New Mexico Department of Finance and Administration (DFA) for its review and approval.

Budgets

Annual appropriated budgets are adopted for all County funds except agency and pension trust funds. All annual operating appropriations lapse at fiscal year-end unless specifically approved by the County Council to carry over to the next fiscal year. In contrast, project-length financial plans are adopted for all capital projects funds.

Budget Revisions

Changes from one expense code to another within a division or between divisions within the same department or fund, excluding charges to salaries, benefits or interdepartmental charges are approved by the Department Director or Utilities Manager.

Changes within a division or between divisions within the same department or fund which involves salaries, benefits or interdepartment charges must be approved by the County Manager. Transfers from one department to another department within the same fund are approved by County Manager and the County Council for all funds and departments except Utilities. Transfers to or from the Joint Utility System Fund are approved by the Utilities Manager, Utilities board, and Council.

Budget Increases to departments or funds and transfers between funds, transfers of cash, both permanent and temporary between funds and any combination of the above are approved by the County Manager, (Utilities Manager/Utilities Board when involving Utilities Department), Council and the State of New Mexico Department of Finance and Administration.

During fiscal year 2020, the County Council and the New Mexico Department of Finance and Administration approved a total of approximately \$29.7 million of budget revisions (transfers and supplemental appropriations) for the General Fund, Capital Improvement Projects (CIP) Fund, Economic Development Fund, Joint Utility System Fund, Equipment and other funds. The budget revisions included the following re-appropriations and carryovers: \$5.8 million for Utilities AMI Project, \$4.6 million for Utilities projects and increases in Other Purchased Power, \$3.5 million for major facilities maintenance, \$11.2 million in encumbrance carryovers and \$0.1 million in other budget increases. For the fiscal year ended June 30, 2019 expenditures did not exceed appropriations at the legal level of budgetary control for any County department, project, or fund.

Individual Deficit Fund Balance and Net Position

At fiscal year end June 30, 2020, the Fire Fund, a major proprietary fund, reported a deficit net position of \$50,961,045. The deficit arose from recording the pension liability, deferred pension inflows, and deferred pension outflows in accordance with GASB Statement No. 68 as well as recording the OPEB liability, deferred OPEB inflows and deferred OPEB outflows in accordance with GASB Statement No. 75. The Transit Fund, a major proprietary fund, reported a deficit net position of \$702,756. The deficit arose from recording the OPEB liability, deferred OPEB inflows and deferred OPEB outflows in accordance with GASB Statement No. 75.

(3) POOLED CASH AND INVESTMENTS

The County follows the practice of pooling cash and investments of all funds in the General Fund, except for restricted or dedicated accounts. Each fund's portion of pooled cash and investments is summarized in the governmental funds balance sheet and the proprietary funds statement of net position.

A. Cash

Policies

County of Los Alamos municipal code Sec. 20-401 and rules of the State of New Mexico govern deposits and investing. Pooled cash and investments held by the County may include cash on deposit with financial institutions, money market accounts, certificates of deposit, treasury notes, U.S. agency securities, U.S. Government obligations, municipal bonds, deposits with the New Mexico State Treasurer Local Government Investment Pool (LGIP), investments with the New Mexico State Investment Council (NMSIC), and repurchase agreements.

Cash and investments are presented in the financial statements as shown below:

Petty cash and change funds	\$	4,714
Carrying amount of deposits		12,284,054
Cash equivalents		8,420,783
Book value of investments		<u>177,983,387</u>
Total reported in notes to financial statements	\$	<u>198,692,937</u>
Government-wide Statement of Net Position:		
Equity in pooled cash and investments	\$	84,298,267
Investments		29,174,459
Restricted assets-Cash & Cash Equivalents		30,449,929
Restricted assets-Investments		364,778
Fiduciary Funds:		
Equity in pooled cash and investments		67,339
Investments (mutual funds), at fair value		<u>54,338,165</u>
Total reported in financial statements	\$	<u>198,692,937</u>

Custodial Credit Risk - Deposits

The custodial credit risk for deposits is the risk that in the event of bank failure, the County's deposits may not be recovered. The County of Los Alamos Investment Policy requires deposits be in a qualified financial institution. The policy defines a qualified depository as one that meets all of the following requirements:

- (1) Equity-to-asset ratio is equal to or greater than the level recommended by the federal deposit insurance corporation,
- (2) A current audited annual financial statement has been submitted to the County,
- (3) No successive losses for two preceding years,
- (4) If not a local financial institution, its assets must be in excess of \$1 billion, and
- (5) Not operating under cease and desist order issued by any regulatory agency.

Under New Mexico law, financial institutions holding public deposits must pledge collateral in an amount not less than 50% of the uninsured balance. At June 30, 2020 the County had deposits with bank balances of \$14,019,289 that were fully insured or collateralized with securities held by the pledging financial institution in the County's name and therefore not exposed to custodial credit risk under New Mexico law.

B. Investments

Credit Risk

Credit risk is the risk that an issuer or other counter-party to an investment will not fulfill its obligations. The County's policy to minimize investment credit risk involves limiting investments to securities authorized in the County Code, pre-qualifying the financial institutions, broker/dealers, intermediaries and advisers and diversifying the investment portfolio so that potential losses on individual securities will be minimized.

The County government's rated debt investments as of June 30, 2020 are presented below using the Standard and Poor's rating scale:

<u>Investment Type</u>	Fair Value	Net Asset Value	Quality Ratings		
			AAA	AA+	A
U.S. Government Agencies	\$ 5,712,362		5,712,362	0	0
U.S Treasuries	45,776,266		45,776,266	0	0
<u>Unrated investments:</u>					
	-				
New Mexico State Investment Council	47,656,594				
NM Local Government Investment Pool	24,500,000				
Exempt from credit risk disclosure:					
LAC Pension	54,338,165				
Total Investments	\$ 177,983,387	0			

Interest Rate Risk

Interest rate risk is the risk that changes in the interest rates of debt investments will adversely affect the fair value of investment.

The County's policy is to minimize investment interest rate risk by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations and also satisfy requirements for cash reserves, thereby avoiding the need to sell securities on the open market prior to maturity.

<u>Investment Type</u>	Fair Value	Investment Maturities (in years)			
		Less Than 1	1 to 5	6 to 10	More Than 10
<u>Debt Securities</u>					
U.S. Agencies	\$ 5,712,362	3,688,282	2,024,080	0	0
U.S Treasuries	45,776,266	43,741,966	2,034,300	0	0
	51,488,628	47,430,248	4,058,380	0	0
<u>Other Investments</u>					
New Mexico State Investment Council	47,656,594				
NM Local Government Investment Pool	24,500,000				
LAC Pension Plan	54,338,165				
Total Investments	\$ 177,983,387				

The County maintains a joint powers agreement with the New Mexico State Investment Council (NMSIC) to provide investment services in accordance with guidelines listed in the County's Investment Policy. NMSIC issues a separate, publicly available financial report that includes financial statements and required supplementary information. These investments are stated at fair value, which is based on the County's share of NMSIC's pooled investments, which are stated at fair value based on the quoted market prices plus accrued interest and dividends.

Custodial Credit Risk - Investments

Custodial credit risk for investments is the risk that, in the event of a failure of the counter-party, the County will not be able to recover the value of the investment or collateral securities that are in the possession of an outside party. The County does not have any investments at June 30, 2020 that are exposed to custodial credit risk.

Concentration of Credit Risk - Investments

Investments in securities of any individual issuers, other than mutual funds and NMSIC, of the total government-wide investments at June 30, 2020 (not inclusive of the pension fund which is disclosed separately) are as follows:

<u>Issuer</u>	<u>Investment Type</u>	<u>Amount</u>	<u>% of Total Government-wide Investments</u>
FNMA	Federal agency securities	\$ 2,847,913	2.3%
FHLMC	Federal agency securities	840,369	0.7%
FHLB	Federal agency securities	2,024,080	1.6%
U.S TREAS	U.S Treasuries securities	45,776,266	37.0%

The County's policy is not to have more than 20% of the total deposits and investment portfolio invested in securities of a single issuer with the following exceptions:

1. US Government obligations, deposits with the New Mexico State Treasurer's Local Government Investment Pool, and investments with the New Mexico State Investment Council's Long-term Investment Funds;
2. Repurchase agreements associated with required debt service reserves
3. Deposits in a local qualified financial institution that are 100% collateralized in accordance with section 20-403 of the County Code. This exception recognizes the impact of the County's investment program on the local economy.

Fair Value Measurement - Investments

The County measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles. These guidelines recognize a three-tiered fair value hierarchy, as follows:

- Level 1:* Quoted prices for identical investments in active markets;
- Level 2:* Observable inputs other than quoted market prices; and,
- Level 3:* Unobservable inputs

Debt and equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt and equity securities classified in Level 2 are valued using a matrix pricing technique. This is based on the securities' relationship to benchmark quoted prices.

Investments by fair value level at June 30, 2020 are as follows:

	<u>Fair Value Measurements Using</u>			
	<u>6/30/2020</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments by fair value level				
U.S. Agencies Securities	\$ 5,712,362	5,712,362	0	0
U.S. Treasuries Securities	45,776,266	45,776,266	0	0
New Mexico State Investment Council	47,656,594	25,373,939	22,282,655	0
NM Local Government Investment Pool	24,500,000	24,500,000	0	0
Alliance Benefit Group - LAC Pension Plan	54,338,165	51,621,257	2,716,908	0
Total investments by fair value level	\$ 177,983,387	152,983,824	24,999,563	

(4) ACCOUNTS RECEIVABLE AND OPERATING LEASES

Accounts receivable balances at June 30, 2020, net of applicable allowances for uncollectible accounts, are as follows:

	Accounts Receivable	Allowance for Doubtful Accounts	Net
Governmental activities:			
General	\$ 62,434	(11,044)	51,390
Economic Development	0	0	0
Capital Improvement Projects	147,329	(147,329)	0
Other Governmental	21,190	0	21,190
Total governmental activities	<u>230,953</u>	<u>(158,373)</u>	<u>72,580</u>
Business-type activities:			
Joint Utility System	4,477,650	(37,542)	4,440,107
Airport	3,035	(96)	2,939
Environmental Services	332,473	(13,602)	318,871
Fire	1,450,995	(863,105)	587,890
Internal Service	4,623	(2,425)	2,199
Total business-type activities	<u>6,268,776</u>	<u>(916,770)</u>	<u>5,352,006</u>
Totals	<u>\$ 6,499,729</u>	<u>(1,075,143)</u>	<u>5,424,586</u>

On the Government-wide Statement of Net Position an additional \$38,934 due from the Pension Trust Fund is classified as pension forfeitures receivable.

The County leases land under non-cancelable operating leases with terms ranging from 5 to 99 years to Sombrillo Nursing and Rehabilitation Center, Aspen Ridge Lodge Retirement and Assisted Living Center, Los Alamos School of Gymnastics, Los Alamos Dog Obedience Club, Nectar Properties, and Los Alamos Trinity LP(Smith's). The following is a schedule of future minimum rentals under these leases at June 30, 2020:

Fiscal Year Ending	Amount
June 30,	Amount
2020	\$ 223,011
2021	212,748
2022	202,510
2023	192,274
2024	183,810
Thereafter	<u>13,274,670</u>
	<u>\$ 14,289,023</u>

(5) LOANS RECEIVABLE

Economic Development Loans Receivable

On occasion, the County will provide public support, in the form of loans, for economic development projects pursuant to the County's Economic Development Plan. As of June 30, 2020 the County had three outstanding loans receivable recorded in the Economic Development Special Revenue Fund.

On June 20, 2003 the County entered into a loan agreement with Advanced Realtime Technologies, LLC (name since changed to Elemetric Instruments, Inc.) in the amount of \$75,000. As of June 30, 2010 the County had distributed \$73,027 of the loan amount to Elemetric. The loan bears interest at 5% per annum beginning June 1, 2008. The loan is secured by any and all assets that Elemetric purchases in whole, or in part, constructed or installed prior to December 31, 2005. The loan requires Elemetric to make sixty monthly payments of \$1,415 beginning July 1, 2008 through June 2013. During FY 2010, Elemetric made \$14,303 of payments including interest. No payments have been made since FY 2011. A reserve for loan losses has been recorded for the outstanding balance on the loan.

On July 30, 2003 the County entered into a loan agreement with Avanza Technologies, Inc. in the amount of \$235,000. As of June 30, 2010 the County had distributed the entire \$235,000 loan amount to Avanza. The loan bears interest at 5% per annum beginning July 30, 2006. The loan is secured by any and all assets that Avanza purchases in whole or in part with the loan proceeds constructed or installed prior to December 31, 2004. The loan requires Avanza to make eighty-four monthly payments of \$3,321 beginning July 30, 2006 through January 30, 2012. Over the life of this loan, Avanza has only made three payments totaling \$7,056. On October 17, 2006, Avanza sent a letter notifying the County that it was no longer a viable entity and that it would not be making any further loan payments. A reserve for loan losses has been recorded for the outstanding balance on the loan.

On August 29, 2017, the County entered into a loan agreement with UbiQD in the amount of \$325,000 for the purchase of real property located at 134 Eastgate Drive, Los Alamos, NM to serve as the headquarter property and executed a mortgage/promissory note with the company. The promissory note bears interest at 0% and will be amortized over a 10 year term with the first three years payments being deferred. As of June 30, 2020 the County had distributed the full amount of the loan amount to UbiQD. The loan requires UbiQD to make eighty-four monthly payments of \$3,869.05 due beginning September 1, 2020, and the first of each month thereafter until paid in full.

On July 13, 2019, the County entered into a Project Participation Agreement with Pebble Labs USA, Inc. (PLUSA) in the form of a grant of real property of \$1,406,500, and no loan or receivable has been recorded. PLUSA shall acquire, develop and construct a laboratory research campus facility, including land, buildings, equipment, and infrastructure, in the Entrada Business Park and to provide research services in Los Alamos County. PLUSA agreed to provide a financial guarantee in the amount of \$1,406,500 with an effective date that is the same date as the issuance date of the permit for new construction. The financial guarantee represents the dollar amount PLUSA shall return to the County in the event of default and prior to that date, the land represents the security pledged.

As of June 30, 2020 the total reserve for loan losses balance was \$279,114. The reserve was established since these loans are in default and may not prove to be fully, or even partially, collectible.

The detail of the loan receivable balances at June 30, 2020, is as follows:

Principal, economic development loans:	
UbiQD	\$ 325,000
Elemetric Instruments Inc (formerly Advanced Realtime Technologies, LLC)	51,170
Avanza Technologies, Inc.	227,944
Subtotal economic development loans	<u>604,114</u>
Less: Reserve for loan losses	<u>(279,114)</u>
Total loans receivable, net of reserve for loan losses (as reflected in Economic Development Fund)	<u>\$ 325,000</u>

During fiscal year 2017, the County created a Housing sub-fund of the Economic Development Fund to fund housing program loans. The Home Renewal Program is managed by the Los Alamos Housing Partnership Inc. by agreement with Los Alamos County. It allows selected income-qualified Los Alamos County homeowners to make needed repairs or improvements to their homes to increase comfort, safety, and livability -- without adding to monthly expenses as these loans are deferred based on an affordability period. During fiscal year 2018, the County also issued home buyer assistance loans. The Home Buyer Assistance Program is managed by the Los Alamos Housing Partnership Inc. by agreement with Los Alamos County. It allows selected income-qualified Los Alamos County homeowners to receive down payment assistance -- without adding to monthly expenses as these loans are deferred based on an affordability period. The detail of these loan receivable balances at June 30, 2020 is as follows:

Principal, home renewal program loans:		Principal, home buyer assistance program loans:	
Loan No. FY2016 - 1	\$ 5,450	Loan No. FY2018 - 1	\$ 11,700

(6) INTERFUND TRANSFERS, ASSETS, AND LIABILITIES

Interfund transfers:

The County records transfers to fund the operations and projects of other funds, to provide for debt service, to record profit transfers from utility funds, record the movement of capital assets between funds, and as otherwise needed and required by GAAP.

The interfund transfers during the year ended June 30, 2020 are:

Transfers in (from other funds)	Transfers out (to other funds)										
	General	Economic Development	Capital Improvement Projects	Capital Projects Permanent	Joint Utility System	Environmental Services	Transit	Fire	Airport	Other Governmental	Total
General	\$ 0	0	0	0	0	0	0	2,042,658	0	12,300	2,054,958
Economic Development	0	0	1,500,000	0	0	0	0	0	0	0	1,500,000
Emergency Declarations	100,000	0	0	0	0	0	0	0	0	0	100,000
Capital Improvement Projects	5,653,908	0	0	1,289,963	0	0	0	0	0	0	6,943,871

Capital assets were transferred into (out of) the following funds from (to) governmental activities:											
Internal Service	172,429										
Total	<u>\$ 172,429</u>										

Interfund assets and liabilities:

An advance from the General Fund to the Airport Fund for construction projects was recorded in FY 2010 in the amount of \$146,799. Since additional advances are expected for other Airport projects, no repayment schedule has been set and the entire balance is considered long-term.

Advance from/to balances at June 30, 2020 are presented below:

Advances from other funds	Advances to other funds
	General
Airport	\$ 146,799
	\$ 146,799

All other interfund balances were expected to be repaid within a year and are classified as due to/due from balances. These balances represent pension contributions payable, pension forfeitures receivable, and the reclassification of negative pooled cash in the Emergency Declarations Fund and Fire Fund. Due to/due from balances at June 30, 2020 are presented below:

Due to other funds	Due from other funds		
	General	Pension	Total
General	\$ 0	189,603	189,603
Emergency Declarations	420,085		420,085
Fire	1,854,886		1,854,886
Other Governmental	7,699		7,699
Pension Trust	38,934		38,934
	\$ 2,321,604	189,603	2,511,207

(7) CAPITAL ASSETS

The County capitalized approximately \$19.9 million in capital assets including amounts capitalized from construction work in progress (CWIP). Of those capital assets, \$11.9 million were additions to governmental activities and \$7.9 million were additions to business-type activities. In addition, during FY 2020, the County added approximately \$13.1 million in new construction in progress, \$8 million in governmental activities capital assets and \$5.1 million in business-type activities capital assets. The County donated \$1.3 million of land to the Pebble Labs for Economic Development in FY2020 and \$1.1 of land to Los Alamos Public Schools. Machinery and equipment in the amount of \$172,429 was transferred from governmental activities to business-type activities. This represents vehicles and other machinery and equipment purchased by the General Fund and transferred to the Equipment internal service fund.

Capital asset activity for the year ended June 30, 2020 was as follows:

	June 30, 2019 Balance	Additions	Disposals	Donations, Transfers and Adjustments	June 30, 2020 Balance
Governmental activities capital assets:					
Capital assets, not being depreciated:					
Land	\$ 43,215,393	695,404	(1,310,793)	0	42,600,004

(8) RETIREMENT AND DEFERRED COMPENSATION PLANS

A. State of New Mexico - Public Employees' Retirement Association (PERA)

Plan description: The Public Employees Retirement Fund (PERA Fund) is a cost-sharing, multiple employer defined benefit pension plan. This fund has six divisions of members, including State General, State Police/Adult Correction Officer, Municipal General, Municipal Police/Detention Officers, Municipal fire, and State Legislative Divisions, and offers 24 different types of coverage within the PERA plan. All assets accumulated may be used to pay benefits, including refunds of member contributions, to any of the plan members or beneficiaries, as defined by the terms of this plan. Certain coverage plans are only applicable to a specific division. Eligibility for membership in the PERA Fund is set forth in the Public Employees Retirement Act (Chapter 10, Article 11, NMSA 1978). Except as provided for in the Volunteer Firefighters Retirement Act (10-11A-1 to 10-11A-7, NMSA 1978), the Judicial Retirement Act (10-12B-1 to 10-12B-19, NMSA 1978), the Magistrate Retirement Act (10-12C-1 to 10-12C-18, NMSA 1978), and the Educational Retirement Act (Chapter 22, Article 11, NMSA

1978), and the provisions of Sections 29-4-1 through 29-4-11, NMSA 1978 governing the State Police Pension Fund, each employee and elected official of every affiliated public employer is required to be a member in the PERA Fund.

PERA issues a publicly available financial report and a comprehensive annual financial report that can be obtained at <http://www.nmpera.org/>.

For a description of the benefits provided and recent changes to the benefits see Note 1 in the PERA audited financial statements for the fiscal year ended June 30, 2019 available at <http://www.nmpera.org/financial-overview/comprehensive-annual-financial-report>

Contributions: The contribution requirements of defined benefit plan members and the County are established in state statute under Chapter 10, Article 11, NMSA 1978. The contribution requirements may be amended by acts of the legislature. For the employer and employee contribution rates in effect for FY18 for the various PERA coverage options, for both Tier I and Tier II, see the tables available in the note disclosures of the PERA FY19 annual audit report at <http://www.nmpera.org/financial-overview/comprehensive-annual-financial-report> The PERA coverage options that apply to the County are: the Municipal Plan 3, Municipal Police Plan 5, Municipal Detention Officer Plan 1, and the Municipal Fire Plan 5. The active plan rates for plans the County participates in are summarized below:

Coverage Plan	Employee Contribution Percentage		Employer Contribution Percentage
	Annual salary \$20,000 or less	Annual salary greater than \$20,000	
Municipal Plan 3	13.15%	14.65%	9.80%
Municipal Police Plan 5	16.30%	17.80%	19.15%
Municipal Detention Officer Plan 1	16.65%	18.15%	17.30%
Municipal Fire Plan 5	16.20%	17.70%	21.90%

Statutorily required contributions to the pension plan from the County were \$5,231,858 and employer paid member benefits that were “picked up” by the County were \$33,781 for the year ended June 30, 2020. The County’s total contributions to PERA for the years ended June 30, 2020, 2019, and 2018 were \$5,548,586, \$5,223,651, and \$5,548,586, respectively, which were equal to the required contributions for each year.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions: The PERA pension liability amounts, net pension liability amounts, and sensitivity information were based on an annual actuarial valuation performed as of June 30, 2019. The PERA pension liability amounts for each division were rolled forward from the valuation date to the Plan year ending June 30, 2020, using generally accepted actuarial principles. Therefore, the employer’s portion was established as of the measurement date June 30, 2020.

The assets of the PERA fund are held in one trust, but there are six distinct membership groups (municipal general members, municipal police members (includes detention), municipal fire members, state general members, state police members and legislative members) for whom separate contribution rates are determined each year pursuant to chapter 10, Article 11 NMSA 1978. Therefore, the calculations of the net pension liability, pension expense and deferred Inflows and Outflows were performed separately for each of the membership groups: municipal general members; municipal police members; municipal fire members; state general members; state police members and legislative members. The County’s proportion of the net pension liability for each membership group that the County participates in is based on the County’s percentage of that membership group’s total employer contributions for the fiscal

year ended June 30, 2019. Only employer contributions for the pay period end dates that fell within the period of July 1, 2018 to June 30, 2019 were included in the total contributions for a specific employer. Regular and any adjustment contributions that applied to FY 2019 are included in the total contribution amounts. In the event that an employer is behind in reporting to PERA its required contributions, an estimate (receivable) was used to project the unremitted employer contributions. This allowed for fair and consistent measurement of the contributions with the total population. This methodology was used to maintain consistent measurement each year in determining the percentages to be allocated among all the participating employers.

For the year ended June 30, 2020, the County recognized PERA All Plans combined net pension expense of \$5,444,213. At June 30, 2020, the County reported PERA All Plans combined deferred outflows of resources and deferred inflows or resources related to pensions from the following sources:

<u>PERA All Plans</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 2,764,642	\$ (2,445,168)
Changes of assumptions	4,173,981	(229,122)
Net difference between projected and actual earnings on pension plan investments	2,833,318	0
Changes in proportion and differences between County contributions and proportionate share of contributions	3,737,360	(9,537,198)
County contributions subsequent to measurement date	5,444,214	0
Totals	<u>\$ 18,953,515</u>	<u>\$ (12,211,488)</u>

<u>Year ended June 30</u>		
2019		1,886,763
2020		485,021
2021		(1,539,012)
2022		465,041
Thereafter	\$	0

For the PERA Municipal General Division, at June 30, 2019, the County reported a liability of \$53,837,193 for its proportionate share of the net pension liability. At June 30, 2019, the County's proportion was 3.1100 percent, which was a decrease from its proportion measured as of June 30, 2018.

For the year ended June 30, 2020, the County recognized PERA Municipal General Division net pension expense of \$2,951,264. At June 30, 2020, the County reported PERA Municipal General Division deferred outflows of resources and deferred inflows or resources related to pensions from the following sources:

PERA Municipal General Plan	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 1,614,140	\$ (582,398)
Changes of assumptions	2,400,572	(132,600)
Net difference between projected and actual earnings on pension plan investments	1,814,167	0
Changes in proportion and differences between County contributions and proportionate share of contributions	2,627,316	(5,261,477)
County contributions subsequent to measurement date	2,951,265	0
Totals	\$ 11,407,460	\$ (5,976,475)

\$2,951,264 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date June 30, 2019 were recognized as a reduction of the net pension liability in the year ended June 30, 2020. Contributions made after the measurement date of the net pension liability but before the end of the County's reporting period will be recognized as a reduction of the net pension liability in the subsequent fiscal period rather than in the current fiscal period. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30		
2019	\$	2,545,521
2020		421,388
2021		(785,668)
2022		298,479
Thereafter	\$	0

For PERA Municipal Police Division, at June 30, 2019, the County reported a liability of \$7,909,668 for its proportionate share of the net pension liability. At June 30, 2019, the County's proportion was 1.0708 percent, which was a decrease from its proportion measured as of June 30, 2018.

For the year ended June 30, 2020, the County recognized PERA Municipal Police Division net pension expense of \$480,718. At June 30, 2020, the County reported PERA Municipal Police Division deferred outflows of resources and deferred inflows or resources related to pensions from the following sources:

<u>PERA Municipal Police Plan</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 330,443	\$ (336,939)
Changes of assumptions	448,657	(20,124)
Net difference between projected and actual earnings on pension plan investments	246,995	0
Changes in proportion and differences between County contributions and proportionate share of contributions	138,662	(365,886)
County contributions subsequent to measurement date	480,718	0
Totals	<u>\$ 1,645,475</u>	<u>\$ (722,949)</u>

The amount of \$480,718 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date June 30, 2019, will be recognized as a reduction of the net pension liability in the subsequent fiscal period. Contributions made after the measurement date of the net pension liability but before the end of the County's reporting period will be recognized as a reduction of the net pension liability in the subsequent fiscal period rather than in the current fiscal period. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year ended June 30</u>		
2019	\$	212,206
2020		180,912
2021		8,154
2022		40,536
Thereafter	\$	0

For PERA Municipal Fire Division, at June 30, 2019, the County reported a liability of \$48,284,574 for its proportionate share of the net pension liability. At June 30, 2019, the County's proportion was 7.0259 percent, which was a decrease from its proportion measured as of June 30, 2018.

For the year ended June 30, 2020, the County recognized PERA Municipal Fire Division net pension expense of \$2,012,231. At June 30, 2020, the County reported PERA Municipal Fire Division deferred outflows of resources and deferred inflows or resources related to pensions from the following sources:

PERA Municipal Fire Plan	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 820,059	\$ (1,525,831)
Changes of assumptions	1,324,752	(76,398)
Net difference between projected and actual earnings on pension plan investments	772,156	0
Changes in proportion and differences between County contributions and proportionate share of contributions	971,382	(3,909,835)
County contributions subsequent to measurement date	2,012,231	0
Totals	\$ 5,900,580	\$ (5,512,064)

The amount of \$2,012,231 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date June 30, 2019, were recognized as a reduction of the net pension liability in the year ended June 30, 2020. Contributions made after the measurement date of the net pension liability but before the end of the County's reporting period will be recognized as a reduction of the net pension liability in the subsequent fiscal period rather than in the current fiscal period. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30		
2019	\$	(870,964)
2020		(117,279)
2021		(761,498)
2022		126,026
Thereafter	\$	0

Actuarial assumptions: As described above, the PERA Fund member group pension liabilities and net pension liabilities are based on actuarial valuations performed as of June 30, 2018 for each of the membership groups. Then each PERA Fund member group pension liability was rolled forward from the valuation date to the Plan year ending June 30, 2019 using generally accepted actuarial principles. There were no significant events or changes in benefit provisions that required an adjustment to the roll-forward liabilities as of June 30, 2019. These actuarial methods and assumptions were adopted by the Board for use in the June 30, 2019 actuarial valuation.

Actuarial valuation date	June 30, 2018
Actuarial cost method	Entry age normal
Amortization method	Level percentage of pay
Amortization period	Solved for based on statutory rates
Actuarial assumptions:	
Investment rate of return	7.25% annual rate, net of investment expense
Payroll growth	3.00% annual rate
Projected salary increases	3.25% to 13.50% annual rate
Includes inflation at	2.50% to 2.75% annual rate

The long-term expected rate of return on pension plan investments was determined using a statistical analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and most recent best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>All funds - Asset Class</u>	<u>Target Allocation</u>	<u>Long-term Expected Real Rate of Return</u>
Global Equity	42.3%	7.48%
Risk Reduction and Mitigation	21.4%	2.37%
Credit Oriented Fixed Income	15.0%	5.47%
Real Assets	20.0%	6.48%
Total	<u>98.7%</u>	

Discount rate: The discount rate used to measure the total pension liability was 7.25 percent. The projection of cash flows used to determine the discount rate assumed that future contributions will be made in accordance with statutory rates. On this basis, the pension plan's fiduciary net position together with the expected future contributions are sufficient to provide all projected future benefit payments of current plan members as determined in accordance with GASBS 67. Therefore, the 7.25% assumed long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's proportionate share of the net pension liability to changes in the discount rate. The following tables show the sensitivity of the net pension liability to changes in the discount rate. In particular, the table below presents the County's net pension liability in each PERA Fund Division that the County participates in, under the current single rate assumption, as if it were calculated using a discount rate one percentage point lower (6.25%) or one percentage point higher (8.25%) than the single discount rate.

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
PERA Municipal General Division: County's proportionate share of the net pension liability	\$ 81,425,507	\$ 53,837,193	\$ 31,011,559
PERA Municipal Police Division: County's proportionate share of the net pension liability	11,969,840	7,909,668	4,597,333
PERA Municipal Fire Division: County's proportionate share of the net pension liability	63,992,121	48,284,574	35,411,882

Pension plan fiduciary net position: Detailed information about the pension plan's fiduciary net position is available in the FY19 PERA financial report. The report is available at <http://www.nmpera.org/financial-overview/comprehensive-annual-financial-report>.

B. Los Alamos County Employees Pension Plan

All County employees (except those classified as casual, temporary, or elected officials) also participate in a single-employer defined contribution plan (the Plan) administered under authority of the County Council. The Plan's financial position and results of operation are reported in the accompanying financial statements in the Pension Trust Fund. The County does not prepare a separate report for the Plan. The Plan Agreement requires the County to contribute bi-weekly an amount equal to 9.0 percent of the compensation paid to all participating employees. Participants are required to contribute bi-weekly an amount equal to 1.0 percent of their individual compensation. The amount contributed by the participant, and four ninths of the amount contributed by the County, are vested immediately. Five ninths of the amount contributed by the County is subject to a seven-year step-vesting schedule. Participants are not allowed to make voluntary contributions to the Plan. Changes to plan provisions require approval by the County Council.

Total contributions for the year ended June 30, 2020 were \$3,945,186 (\$408,529 participant; and \$3,536,657 County, net of forfeitures of \$140,339). All required contributions were actually made to the Plan. In accordance with the Plan Agreement, forfeitures of unvested participant balances are used to reduce the County's contributions.

The Plan authorizes participants to borrow from the Plan. These loans are secured with participant balances. Participants are allowed to have one outstanding loan at any given time. Loans cannot exceed \$50,000 or 50% of the borrower's vested benefit. Interest is fixed to one percent plus the prime rate listed in the Wall Street Journal at loan origination. Loans used to acquire a home are limited to a term of up to fifteen years. Other loans are limited to a term of up to five years. A one-time \$125 loan origination fee is charged to the participant at the inception of the loan.

Financial statements for the Plan are prepared using the accrual basis of accounting. Employer and participant contributions are recognized in the period that the contributions are due. Benefits and refunds are recognized when due and payable in accordance with the Plan. Administrative expenses of the plan for the year ended June 30, 2020 were \$90,261, which included allocated audit fees of \$5,082, trustee fees of \$82,143, and legal fees of \$3,036. Plan investments at June 30, 2020, stated at fair value, based on the funds' share price are shown in the table on the following page.

Mutual funds at fair value:	
American Funds	\$ 3,409,701
Invesco International Growth	8,928,514
T. Rowe Price Blue Chip Growth	15,664,996
AB Relative	9,051,303
JPMorgan Mid Cap	3,625,621
Baird	2,805,908
Gabelli Small Cap	4,359,297
SEI	3,378,671
Franklin Mutual Global	2,588,495
	<hr/>
Total investments	\$ 53,812,506

C. Deferred Compensation Plans

The County offers to its employees a deferred compensation plan established in accordance with Internal Revenue Code Section 457. Certain executive employees also may participate in a deferred compensation plan established in accordance with Internal Revenue Code Section 401. Any contributions made to the deferred compensation plans are not available to employees until termination of employment, retirement, death, or an unforeseen emergency. A private corporation under contract with the County administers assets of the plans. Plan assets are in custodial accounts for the exclusive benefit of the plans' participants and beneficiaries. The County provides neither administrative services nor investment advice to the plans. Therefore, no fiduciary relationship exists between the County and the deferred compensation pension plans.

The County makes contributions to the deferred compensation plans for certain employees in accordance with their employment contracts. The cost to the County for these contributions was 33,781 for the fiscal year ended June 30, 2020.

D. New Mexico Retiree Health Care Act – Post Employee Benefit

Plan Description: Employees of the County are provided with OPEB through the Retiree Health Care Fund (the Fund)-a cost-sharing multiple-employer defined benefit OPEB plan administered by the New Mexico Retiree Health Care Authority (NMRHCA). NMRHCA was formed February 13, 1990, under the New Mexico Retiree Health Care Act (the Act) of New Mexico Statutes Annotated, as amended (NMSA 1978), to administer the Fund under Section 10-7C-1-19 NMSA 1978. The Fund was created to provide comprehensive group health insurance coverage for individuals (and their spouses, dependents and surviving spouses) who have retired or will retire from public service in New Mexico.

NMRHCA is an independent agency of the State of New Mexico. The funds administered by NMRHCA are considered part of the State of New Mexico financial reporting entity and are OPEB trust funds of the State of New Mexico. NMRHCA's financial information is included with the financial presentation of the State of New Mexico.

Benefits provided. The Fund is a multiple employer cost sharing defined benefit healthcare plan that provides eligible retirees (including terminated employees who have accumulated benefits but are not yet receiving them), their spouses, dependents and surviving spouses and dependents with health

insurance and prescription drug benefits consisting of a plan, or optional plans of benefits, that can be contributions to the Fund and by co-payments or out-of-pocket payments of eligible retirees.

The RHCA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the postemployment healthcare plan. That report and further information can be obtained by writing to the Retiree Health Care Authority at 4308 Carlisle NE, Suite 104, Albuquerque, NM 87107.

Employees covered by benefit terms. At June 30, 2020, the Fund's measurement date, the following employees were covered by the benefit terms:

Plan Membership	
Current retirees and surviving spouses	52,179
Inactive and eligible for deferred benefit	10,916
Current active members	91,082
	154,177
Active membership	
State general	17,097
State police and corrections	1,830
Municipal general	17,538
Municipal police	3,159
Municipal FTRE	1,966
Educational Retirement Board	49,492
	91,082

Contributions - Employer and employee contributions to the Fund total 3% for non-enhanced retirement plans and 3.75% of enhanced retirement plans of each participating employee's salary as required by Section 10-7C-15 NMSA 1978. The contributions are established by statute and are not based on an actuarial calculation. All employer and employee contributions are non-refundable under any circumstance, including termination of the employer's participation in the Fund. Contributions to the Fund from the County were \$874,931 for the year ended June 30, 2020.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2020, the County reported a liability of \$31,299,103 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2019, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The County's proportion of the net OPEB liability was based on actual contributions provided to the Fund for year ending June 30, 2019. At June 30, 2019, the County's proportion was 0.96531 percent.

For the year ended June 30, 2020, the County recognized OPEB income of \$2,712,121. At June 30, 2020 the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ -	\$ 7,876,444
Changes of assumptions	-	10,101,837
Differences between actual and projected earnings on OPEB plan investments	-	291,004
Changes in proportion	1,148,697	2,890,990
County contributions made after the measurement date	874,931	-
Totals	\$ <u>2,023,628</u>	\$ <u>21,160,275</u>

Deferred outflows of resources totaling \$874,931 represent County contributions to the Fund made subsequent to the measurement date and will be recognized as a reduction of net OPEB liability in the year ending June 30, 2021. Contributions made after the measurement date of the net pension liability but before the end of the County's reporting period will be recognized as a reduction of the net pension liability in the subsequent fiscal period rather than in the current fiscal period. Other amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in OPEB expense as follows:

<u>Year ended June 30</u>	
2020	(5,261,564)
2021	(5,261,564)
2022	(4,633,976)
2023	(3,043,047)
2024	(1,811,427)
Thereafter	\$ <u>(20,011,578)</u>

Actuarial assumptions. The total OPEB liability was determined by an actuarial valuation using the following actuarial assumptions:

Actuarial valuation date	June 30, 2019
Actuarial cost method	Entry age normal, level percent of pay, calculated on individual employee basis
Asset valuation method	Market value of assets
Actuarial assumptions:	
Inflation	2.50% for ERB; 2.5% for PERA
Projected payroll increases	3.25% to 13.50%, based on years of service, including inflation
Investment rate of return	7.25%, net of OPEB plan investment expense and margin for adverse deviation including inflation
Health care cost trend rate	8% graded down to 4.5% over 14 years for Non-Medicare medical plan costs and 7.5% graded down to 4.5% over 12 for Medicare medical plan costs

Rate of Return. The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which the expected future real rates of return (net of investment fees and inflation) are developed for each major asset class. These returns are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adding expected inflation and subtracting expected investment expenses and risk margin. The target allocation and projected arithmetic real rates of return for each major asset class, after deducting inflation, but before investment expenses, used in the derivation of the long-term expected investment rate of return assumptions.

The best estimates for long-term expected rate of return is summarized as follows:

Asset Class	Long-Term Rate of Return
U.S. core fixed income	2.1%
U.S. equity - large cap	7.1%
Non U.S. - emerging markets	10.2%
Non U.S. - developed equities	7.8%
Private equity	11.8%
Credit and structured finance	5.3%
Real estate	4.9%
Absolute return	4.1%
U.S. equity - small/mid cap	7.1%

Discount Rate. The discount rate used to measure the Fund's total OPEB liability is 4.16% as of June 30, 2019. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made at rates proportional to the actuary determined contribution rates. For this purpose, employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs for future plan members and their beneficiaries are not included. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all projected future benefit payments for current plan members through the fiscal year ending June 30, 2029. Thus, the 7.25% discount rate was used to calculate the net OPEB liability through 2030. Beyond 2030, the index rate for 20-year, tax exempt general obligation municipal bonds with an average rating of AA/Aa or higher. Thus, 4.16% is the blended discount rate.

Sensitivity of the net OPEB liability to changes in the discount rate and healthcare cost trend rates. The following presents the net OPEB liability of the School, as well as what the School's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (3.16 percent) or 1-percentage-point higher (5.16 percent) than the current discount rate:

1% Decrease (3.16%)	Current Discount Rate (4.16%)	1% Increase (5.16%)
\$38,286,346	\$31,299,103	\$25,806,472

The following presents the net OPEB liability of the County, as well as what the County's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

<u>1% Decrease</u>	<u>Current Trend Rate</u>	<u>1% Increase</u>
\$26,058,521	\$31,299,103	\$35,494,931

OPEB plan fiduciary net position. Detailed information about the OPEB plan's fiduciary net position is available in NMRHCA's audited financial statements for the year ended June 30, 2019.

Payable Changes in the Net OPEB Liability. At June 30, 2020, the County reported a payable of \$0 for outstanding contributions due to NMRHCA for the year ended June 30, 2020.

9) LONG-TERM OBLIGATIONS

A. Changes in Long-term Liabilities

Long-term liability activity for the year ended June 30, 2020, was as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Deletions</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Governmental activities:					
Accrued compensated absences	\$ 3,447,151	1,796,439	1,564,298	3,679,292	2,587,227
Revenue bonds payable	38,140,939	0	3,535,361	34,605,578	3,215,000
Total governmental activities	<u>\$ 41,588,090</u>	<u>1,796,439</u>	<u>5,099,659</u>	<u>38,284,870</u>	<u>5,802,227</u>
Business-type activities:					
Accrued compensated absences	\$ 3,547,710	2,148,808	1,891,814	3,804,704	2,613,342
Claims and judgments	3,773,605	2,768,084	3,902,096	2,639,593	1,715,799
Revenue bonds payable	21,564,551	0	3,087,107	18,477,444	3,069,999
Contracts and intergovernmental debt	12,155,445	286,327	691,105	11,750,667	702,313
Special closure costs	11,589,080	372,438	407,419	11,554,099	58,077
	<u>\$ 52,630,390</u>	<u>5,575,657</u>	<u>9,979,541</u>	<u>48,226,507</u>	<u>8,159,530</u>

In prior years, resources from the General Fund have been used to liquidate the liability for compensated absences. Internal service funds of the County predominantly serve the proprietary funds. Accordingly, compensated absences in the amount of \$151,647 and claims and judgments in the amount of \$2,639,593 from internal service funds are included as part of the business-type activities.

B. Gross Receipts Tax Improvement Revenue Bonds

GRT Revenue Bonds – 2008/2013 Series

On October 21, 2008, the County closed on the sale of The Incorporated County of Los Alamos, New Mexico Gross Receipts Tax (GRT) Improvement Revenue Bonds, Series 2008. The original bonds were issued in the amount of \$75,000,000 with a final maturity date of June 1, 2028. On June 26, 2013, the County issued \$38,235,000 Gross Receipts Tax Refunding Revenue Bonds, Series 2013 which advance refunded a portion of the 2008 Series. The net proceeds of \$49,926,817 (including \$5,178,930 in premiums net of discount [\$115,496], \$6,700,000 additional funding from the County less \$187,113 in underwriting, insurance and issuance costs) were deposited into escrow and used to pay a portion of the interest on the 2008 Series when due beginning December 1, 2013 through June 1, 2028 and redeem the outstanding 2008 Series maturing on June 1, 2029 and after, when callable on June 1, 2018. The un-refunded Series 2008 Revenue Bonds have principal outstanding of \$0 at June 30, 2018. The final maturity date was June 1, 2018.

The advanced refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$9,653,817. The difference, reported in the accompanying financial statements as a deferred outflow of resources, is being charged to operations through the year 2028 using the straight-line method. The County completed the advance refunding in order to reduce its total debt service payments over the next 14 years by \$9,515,950, and to recognize an economic gain (difference between the present values of the old and new debt service payments) of \$1,151,198.

The bonds were issued for the purpose of providing funds for public projects related to public facilities, roads and streets, public works, parks and recreation, and community services. The two largest projects to be funded with the proceeds are the Airport Basin Project and the Judicial / Police / Jail Complex Project.

Revenues pledged to cover debt service include (1) the County's State-Shared Gross Receipts Tax Revenues, at the rate authorized (currently 1.225%), (2) the Municipal Gross Receipts Tax Revenues, which equal one and one quarter percent (1.25%), (3) the Municipal Infrastructure Gross Receipts Tax Revenues, in an amount of one-eighth of one percent (0.125%), and (4) the third one-eighth of one percent (0.125%) increment of County Gross Receipts Tax Revenues. The schedules of current year activity and annual maturity requirements of the 2013 GRT Advance Refunding Bonds is as follows:

Year ending June 30	2013 Series	
	Principal	Interest
2021	3,215,000	1,337,159
2022	3,380,000	1,176,409
2023	3,545,000	1,007,409
2024	3,720,000	830,159
2025-2028	16,665,000	1,529,604
	<u>30,525,000</u>	<u>5,880,739</u>
2013 Series Principal	30,525,000	
Unamortized balances:		
Discounts and premiums	<u>4,080,578</u>	
	\$ 34,605,578	

C. Utility System Revenue Bonds

All Joint Utility System revenue bonds are secured by a pledge of the net revenues of the Joint Utility System and certain funds established pursuant to the bond indentures. Accordingly, the bondholders may not seek repayment from the general public or any other fund of the County. The County has complied with all indenture requirements.

Utility Revenue Bonds – 2014 A and B Series

On August 13, 2014, the County issued The Incorporated County of Los Alamos, Joint Utility System Bonds, Series 2014A (tax-exempt) and 2014B (taxable). The bonds were issued in the par amount of \$21,690,000 with a final maturity date of June 1, 2034 for the Series 2014A and June 1, 2021 for the Series 2014B. Interest on the bonds is payable semi-annually beginning December 1, 2014 at rates ranging from 3.1% to 5.10% for the series 2014A and 0.37% to 2.91% for the series 2014B.

The Series 2014A and 2014B bonds were issued to refund the Joint Utility Fund Bonds, Series 2004A, 2004B, and advance refund Series 2006A, and 2006B, and provide \$16,853,827 for Joint Utility System projects. The net proceeds of \$22,652,043 (including \$1,067,958 in premiums, less \$105,915 of bond issuance costs) along with \$7,994,493 of prior debt service restricted reserves from the 2004/2006 fund proceeds, were used to retire the outstanding 2004/2006 Series Utility Revenue Bonds. Proceeds of \$1,436,504 from the 2014A series and proceeds of \$2,514,099 of the 2014B series were also used to advance refund remaining portions of the 2006A/B series bonds payable. As a result, the 2004 A and B and 2006 A and B Series Utility Revenue Bonds have been removed from the government wide statement of net position.

The advanced refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$747,197. The difference, reported in the accompanying financial statements as a deferred outflow of resources, is being charged to operations through the year 2034 using the straight-line method. The County completed the advance refunding in order to reduce its total debt service payments over the next 10 years by \$8,317,334, and to recognize an economic gain (difference between the present values of the old and new debt service payments) of \$303,540.

The scheduled annual maturity requirements of the 2014 Series A and B Utility Revenue Bonds as of June 30, 2020 are as presented below.

Yearending June 30	2014A Series		2014B Series	
	Principal	Interest	Principal	Interest

Utility Revenue Bonds – 2010 Series

On August 12, 2010, the county issued \$13,085,000 in Utility Revenue bonds (2010 Series A, B, C, D). These are 20-year bonds and will be fully amortized on June 1, 2030. The Series A are tax-exempt bonds with an aggregate principal of \$3,785,000. The Series B are taxable direct payment Build America bonds with an aggregate principal of \$1,535,000. Series C are taxable direct payment Recovery Zone Economic Development bonds with an aggregate principal of \$3,680,000. Series D are taxable bonds with an aggregate principal of \$4,085,000. The bonds have various interest rates with a blended interest rate of 5.355%. The Build America and Recovery Zone Economic Development bonds both include a federal subsidy component, receipt of which is dependent on meeting federal reporting requirements. The total federal subsidy is \$2,168,587 for the life of the bonds and is recorded as intergovernmental revenue when earned. The primary purpose of the bond issue was to enhance the County's Utility System by constructing a low flow turbine generator at the County's Abiquiu hydroelectric plant, constructing new and renovating existing electric distribution lines both in the overhead and underground systems, including but not limited to transformers, switchgear, protective devices and other appurtenances and equipment; and improving and renovating water distribution and transmission systems.

The scheduled annual maturity requirements of the 2010 Series A, B, C, and D Utility Revenue Bonds as of June 30, 2020 are as presented below.

Year ending June 30	2010 A Series		2010 B Series		2010 C Series		2010 D Series		Total

D. Intergovernmental Notes Payable

Business-type Activities

Beginning in December 2005 through June 2015, the County entered into various agreements to borrow \$20,748,158 from several State of New Mexico Agencies, to partially fund various projects. The purpose of each loan, the source of debt service payments, and other details are described below:

CWSRF 1438143: To partially fund the construction of a new wastewater treatment facility. The loan is to be repaid solely from the net revenues from the operation of only the Wastewater subfund, which is a part of the Joint Utility System Fund. On January 30, 2018 the County Council approved a transfer of \$2,500,000 from the Gas Fund to the Wastewater Fund. These funds were subsequently used to make a one-time principal payment to CWSRF 1438143 on February 8, 2018.

WPF 663: To construct a water line to transfer treated effluent water to County parks and ball fields. The loan is to be repaid from existing Utility system revenues. The agreement included a grant in the amount of \$585,720.

CWSRF 083: To finance the construction of a new wastewater treatment facility. The loan is to be repaid solely from the net revenues from the operation of only the Wastewater subfund, which is a part of the Joint Utility System Fund.

PP 1898: Effective October 6, 2017, this loan was paid in full and refinanced with proceeds from new loan PP 3732.

PP 3732: To construct the Los Alamos County Eco Station and repay loan# PP-1898. The loan is to be repaid from Municipal Environmental Services Gross Receipts Tax revenues.

WPF 689: To finance the costs of Phase II of the water conservation, treatment and reuse infrastructure project. The loan is to be repaid from existing Utility water system revenues. The agreement included a grant in the amount of \$319,648.

ARRA CWSRF 09: To finance the costs of Phase II of the effluent reuse infrastructure project. The loan is to be repaid from existing Utility water system revenues. The agreement included a grant in the amount of \$150,000.

WPF 756: To finance the costs of Phase II of the water conservation, treatment, and reuse infrastructure project. The loan is to be repaid from existing Utility water system revenues. The agreement included a grant in the amount of \$590,000.

WPF 757: To finance the costs of environmental studies for a proposed collector well for water from the San Juan/Chama Diversion Project. The loan is to be repaid from existing Utility water system revenues. The agreement included a grant in the amount of \$200,000.

WPF 820: To finance the costs of the project to upgrade public safety at the Los Alamos Canyon Dam. The loan is to be repaid from existing Utility water system revenues. The agreement included a grant in the amount of \$900,000.

WPF 821: To finance the costs of the water conservation treatment recycling or reuse project at the Los Alamos Canyon Reservoir. The loan is to be repaid from existing Utility water system revenues. The agreement included a grant in the amount of \$210,000.

WPF 918: To finance the total costs incurred for the Group 12 water tank rehabilitation project located on Arizona Avenue. The loan is to be repaid from existing Utility water system revenues. The agreement included a grant in the amount of \$843,600.

WPF 940: To finance the total costs incurred for the design and construction to replace the wastewater treatment plant pipeline from the Bayo Booster Station in Bayo Canyon to North Mesa.

WPF 3557: To finance the costs of the Los Alamos Reservoir non-potable line replacement. The loan is to be repaid from existing Utility water system revenues. The agreement included a grant in the amount of \$484,560.

Loan terms and repayment schedules are shown below.

(10) POWER SUPPLY

The Public Service Company of New Mexico (PNM) adjusts its transmission rate annually using the Form 1 worksheet from the Federal Energy Regulatory Commission (FERC). This worksheet reflects PNM's actual financials for the previous year. For the year ended June 30, 2020, the Formula Rate adjustment resulted in a 4.5 percent increase. While the formula rate appears to be increasing, Los Alamos County's share is stable due to increased activity by other customers on PNM's system.

In July 1987, the County entered a "life-of-plant" agreement with the City of Lincoln, Nebraska (Lincoln) for the long-term purchase of approximately 10 megawatts of capacity and energy from the Lincoln ownership interest in the Laramie River Station (LRS). The agreement requires the County to pay an annual fixed power cost of approximately \$1,443,278. Additionally, the County is required to pay a share of Lincoln's costs and assessments resulting from Lincoln's ownership interest in Laramie River Station, including fuel, operation and maintenance costs, and costs of renewals, replacements, and capital improvements. For the year ended June 30, 2020, the County paid \$2,053,233 under this agreement, which is included in purchased power expense. LRS has been in the process of complying with their State Implementation Plan (SIP) associated with the Best Available Retrofit Technology (BART) settlement of the Environmental Protection Agency (EPA), under which the County's estimated share of costs is approximately \$2.5 million dollars to be expensed over a 2-year period. The BART Project was completed as of December 2019. The energy from LRS is delivered to New Mexico over the Western Area Power Administration (WAPA) transmission path described below. This cost is included in the fixed power cost above.

The County also has a firm transmission services agreement with the WAPA that requires monthly payments at a rate of approximately \$16,292 plus ancillary services. Furthermore, the County has transmission service agreements with Jemez Mountain Electric Cooperative (Jemez), Tri-State Generation and Transmission Cooperative, PNM, and Northern Rio Arriba Electric Cooperative (NORA) for transmission of County hydroelectric power to the County service area. The payment to Jemez for FY 2020 was \$110,258. The County's contract with NORA includes a prepayment of \$34,678 plus gross receipts taxes. Any remaining credit will be utilized in FY 2020. The wheeling rate schedule for NORA expired in July 2017. Los Alamos County renegotiated a new 10-year term with an increase of 5.09 percent over the 10-year period. The renegotiated contract with NORA will expire in 2037.

The County also has the following annual obligations to pay for water to power its hydroelectric plants: a minimum of \$50,000 to pay the Middle Rio Grande Conservancy District for the El Vado Hydroelectric Plant; and approximately \$180,000 to pay FERC for headwater benefits associated with the San Juan-Chama Diversion Project. FERC also collects approximately \$94,000 annually in administrative and falling water fees.

In April 2018, the County Council approved Resolution 18-09 authorizing and approving the Carbon Fee Power Project (CFPP) Power Sales Contract with the Utah Associated Municipal Power Systems (UAMPS). Resolution 18-09 allows the County to join UAMPS and other participating entities to pursue the development of a facility that can house up to 12 small nuclear power modules that can each generate up to approximately 60 megawatts of electric power per unit. UAMPS proposes to acquire and construct the nuclear generating facility plant at a site within the Idaho National Laboratory near Idaho Falls, Idaho. The anticipated project meets the community's desire for clean energy and meets the carbon neutral goal of 2040. The projected commercial operation date is scheduled to occur in late 2029. As of June 30, 2020, Los Alamos County has paid \$110,888 under the Small Modular Nuclear Reactor (SMR) Carbon Free Power Study. The project has moved out of the "study phase", so if the County continues their participation in the project until the commercial operation date expected in 2029, the development cost, construction, operation and maintenance and decommissioning costs will be paid through the cost of energy targeted to be \$55 per megawatt hour over the forty year debt service period. If the County chooses to exit the project at one of the predefined off-ramps prior to the final notice to proceed with construction, the project costs will be charged to participants in accordance with various project participation agreements during the development period. The County's financial commitment associated with the development of the Combined Operating Licensing Application, phase 1 is \$1,256,219.18. The project just received a \$1.355 Billion Multi-year Grant Award from the Department of Energy. The Technology Developer NuScale has received its Design Certification from the Nuclear Regulatory Commission.

(11) RESOURCE POOL

In 1985 the County and the U.S. Department of Energy (DOE) entered into an Electric Coordination Agreement (ECA) to create a Resource Pool (Pool) to which each party contributes the capacity and energy of their individual electric supply and transmission resources to meet their combined requirements. The County's major contributions to the Pool consist of energy from its San Juan Unit 4 Interest, the El Vado Hydroelectric Project, the Abiquiu Hydroelectric Project, the Laramie River Station, the WAPA entitlement, the PNM Network Integration Transmission Service Agreement (NITSA), and various transmission service agreements. The County received \$21,588,067 during FY20 from DOE, which is included in utility sales and services, as a result of this contract.

The ECA was renewed in fiscal year 2014 with a five-year base term and five one-year options. In FY 2015 the agreement was amended with a fixed expiration date of June 30, 2025.

(12) SPECIAL CLOSURE COSTS

A. Landfill (Environmental Services Fund)

During the year ended June 30, 2012, the County closed a landfill site, which is owned by the U.S. Department of Energy (DOE) and is located in the County. State and federal laws require the County to monitor and maintain the landfill site for thirty years after it is closed, and to provide financial assurance to fund those activities. The County recognized the closure and post-closure care costs during the periods that the Landfill was in operation. The amount recognized each year was based on the total estimated cost of closure and post-closure care, the amount of the liability that had been recognized in previous years and the estimated time that the landfill would remain open.

In May 2007, the New Mexico Environment Department (NMED) approved the County's landfill closure plan, which had a total cost estimate of \$3,366,269. In April 2009, the County began operating its new solid waste transfer station, and the Landfill began limiting the types of waste that it would accept. During the year ended June 30, 2011, estimated capacity at the landfill reached 100%. During the year ended June 30, 2012, the Landfill was closed, capped, and the County began to install a field of solar panels over the capped landfill.

The total cost estimate for landfill closure increased in fiscal year 2012 because the original closure plan had to be enhanced to accommodate the solar panels. In fiscal years 2015 and 2016, the liability was increased to take care of drainage and methane accumulation issues. In fiscal year 2017, the liability was increased for the methane extraction system construction costs. In fiscal year 2018, the methane extraction system was complete. In fiscal year 2019, the liability was increased again for methane monitoring costs. (taking this out because it makes it confusing on what happened from \$6.3M to now only \$1.2M.

In fiscal year 2020, the New Mexico Environment Department Solid Waste Bureau approved and updated the post-closure cost estimate for the Los Alamos County Landfill for the remaining 22 years of the post closure care period. Based on the updated estimate, as of June 30, 2020, the County adjusted the total landfill closure liability to the estimated \$1,277,700. The County has met the NMED requirements of the financial assurance test each fiscal year which include the following: (a) satisfying each of the following financial ratios based on the local government's most recent audited annual financial statement: a ratio of cash plus marketable securities to total expenditures greater than or equal to 0.05; and a ratio of annual debt service to total expenditures less than or equal to 0.20; (b) preparing its financial statements in conformity with generally accepted accounting principles for governments and have its financial statements audited by an independent certified public accountant. The County has also established a Reserve Fund within the existing financial accounting system; however, this is in addition to meeting the financial assurance test. The County has applied a method to reserve 5 years or \$348,463 of the total cost for the remainder of the long-term liability. This reserve is in excess of the financial assurance requirements, and has been put in place for any additional

costs that may arise due the nature of continuous monitoring of the landfill. The reserve of \$358,491 is reflected in restricted assets in the Environmental Services Fund as of June 30, 2020.

The estimated cost of landfill and Transfer Station closure is subject to changes resulting from inflation, deflation, or changes in technology or applicable laws or regulations.

B. San Juan Generating Station (Electric Utility Fund)

The County owns a 7.2 percent undivided interest in Unit 4 of the San Juan Electric Generating Station, which is operated by the Public Service Company of New Mexico (PNM). The station consists of four pulverized coal-fired generating units. To meet EPA's Best Available Retrofit Technology (BART) ruling on regional haze, a State Implementation Plan (SIP) was approved whereby the project participants negotiated an equitable settlement allowing four of the owners to exit the plant early with a shutdown of units 2 and 3; and the installation of Selective Non-Catalytic Reduction (SNCR), a lower cost technology, on units 1 and 4. Accordingly, Units 2 and 3 were retired on December 31, 2017, in accordance with the State Implementation Plan, but Units 1 and 4 remain operational. The current Project Participation agreement expires June 30, 2022. During the restructuring discussed above, an "Exit Date Amendment" was executed specifying parameters by which the owners could elect to extend participation and operation of the plant. Under that agreement, remaining participants were required to notify the other remaining participants if they were interested in extending. On November 18, 2018, Los Alamos notified the other participants that we are not going to extend. The participants are considering a proposal from the City of Farmington and Enchant Energy for the continued operation of the plant post 2022 using carbon capture technology. The participants are looking for a clean break from the decommissioning liabilities associated with the plant.

Included in the restructuring agreements is the San Juan Decommissioning and Trust Funds Agreement, which specifies how decommissioning plans and expenses, and the funding obligations of each party, are to be determined. Decommissioning could involve simply securing the facility and leaving it standing as a base case, or complete demolition and site reclamation as a most extreme case. Until a decommissioning plan is adopted and approved by the participants, Los Alamos considers the "brown field scenario", by which structures will be removed and underground equipment will be capped, filled, stabilized, and retired in place, to be the most prudent, and we have been accumulating funds toward that approach. In 1992, an engineering firm conducted a decommissioning study that estimated the County's portion of the decommissioning costs to be \$2,932,770. In June 2003, an updated demolition study was conducted on the generating station, which materially agreed to the previous estimate. In January 2012 another updated study was performed which estimated the County's portion of decommissioning costs to be \$3,388,233 with deductions for potential sales of scrap materials, or \$5,478,503 without deductions. After the 1992 study the County began accumulating a decommissioning reserve fund to accumulate sufficient funds for the anticipated decommissioning and demolition costs, using an assumed 4 percent inflation factor. During fiscal year 2005, in conjunction with the refinancing of the 1994 bond issue, \$403,507 of the decommissioning reserves was applied to reduce the face amount of the 2004A refunding bonds. In fiscal year 2020, \$188,400 was set aside for this San Juan decommissioning. As of June 30, 2020, \$5,819,476 was invested for this purpose

Using the 2012 updated study and the inflation factor of 4 percent, the County would incur an actual decommissioning cost of \$5.2 million in 2022 (with scrap deductions). Actual inflation has not been over 4 percent since 1991, and has averaged approximately 2.5 percent in that time, so while a decommissioning plan and cost obligation has yet to be determined by the parties, Los Alamos considers the accumulated reserve will be adequate to fund any likely potential obligation, but will periodically review the assumptions to determine whether more or less should be set aside each year.

C. Coal Mine Reclamation (Electric Utility Fund)

The County is required under the San Juan Generation Project Participation Agreement (PPA) to fund its share of reclamation costs for the San Juan surface coal mine. The total final cost will be dependent on the eventual closure date of the San Juan Generating Station, because coal ash from continued operations of the station provides material for the fill. The surface mine itself has been out of service for several years. While there is no current consensus on potential operations of the plant, for estimating purposes a closure date in 2038 was initially assumed. Under the terms of the mine reclamation agreement, the closure date and cost estimates are periodically reviewed and adjusted. As of June 30, 2020, a closure date of June 30, 2022, is assumed, coinciding with the expiration of the current plant participation agreement, and resulting in revised reclamation cost estimates of \$204,565,553, with Los Alamos' share being \$4,469,884. In fiscal year 2013, the County began funding a trust account as required for its share of the cost. As of June 30, 2020, the balance in this trust is \$4,457,616.65. The owners are currently evaluating projected closure dates and funding requirements. Cost estimate updates are periodically performed, and Therevised funding curves are adjusted on an annual basis as necessary. The participants are looking for a clean break from the Mine Reclamation liabilities associated with the fuel supply and are currently considering a proposal from the Westmoreland San Juan Mining company to take over the Reclamation of the mine.

D. Laramie River (Electric Utility Fund)

The County is required under the Laramie River Station Participation Power Sales Agreement (LRS-PPA) to fund its proportionate share of future costs for the Laramie River decommissioning. The Laramie River Station is estimated for closure between 2040 and 2042. Under the terms of the agreement, the current estimate of costs is \$90 million of which \$550,000 is Los Alamos County's share. In fiscal year 2015, the County began funding a reserve account as required for its share of the cost. As of June 30, 2020, the balance in this trust is \$928,543. The trust is funded based on the original cost estimate, but future contributions will be adjusted as cost estimates are updated.

(13) RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. In fiscal year 1993, the County created an internal service fund to account for its risk management programs. All funds of the County participate in the programs and make payments to the Risk Management Fund. The County purchases commercial insurance for claims in excess of coverage provided by the Fund and for all other risks of loss. The table on the following page displays a summary of the County's major commercial insurance coverage. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The claims liability of \$1,737,981 reported in the Risk Management Fund at June 30, 2020 is based on the requirements of GASB Statements No. 10 and No. 30, which require that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. The claims payable also includes an estimate for claims incurred but not reported.

FY 2020 Insurance coverage summary:

<u>Insurance Coverage</u>	<u>Deductible</u>	<u>Insurance Liability Limits</u>
General and Automotive Liability, and Medical Malpractice	\$25,000	\$400,000 per person and \$750,000 per occurrence for bodily injury \$100,000 per occurrence, fire legal liability damage \$300,000 for all past and & future medical/medically-related expenses per occurrence \$200,000 per Kegakky Described Real Property for Physical Damage or Destruction (PD) \$750,000 per occurrence for physical property damage or destruction to multiple real properties and related bodily injury to multiple individuals arising out of a single occurrence \$4,000,000 annual aggregate per policy
Law Enforcement Liability	\$25,000	\$1,000,000 per occurrence, \$2,000,000 per year in aggregate
Emergency Medical Malpractice	\$25,000	Subject to tort claims limits
Public Officials Errors and Omissions	\$25,000	\$1,000,000 per occurrence, \$2,000,000 per year in aggregate
Buildings and Property	\$25,000	Limited by individual property's insured value
Earthquake and Flood	\$100,000	Limited by individual property's insured value
Inland Marine (Large Equipment)	\$5,000	Limited by individual property's insured value
Boiler Machinery	\$2,500	Limited by individual property's insured value
Crime and Fraud	\$10,000	\$500,000 Employee dishonesty blanket coverage \$50,000 Depositors' forgery \$50,000 Theft of money/securities

Changes in the Risk Management Fund's claims liability amount in fiscal year 2019 and 2020 are summarized below.

	<u>Group Insurance (Dental)</u>	<u>Medical Insurance</u>	<u>Unemployment Compensation</u>	<u>Workers Compensation</u>	<u>General Liability</u>	<u>Total</u>
Claims liability, June 30, 2018	\$ 44,205	611,276	0	2,949,090	139,354	3,743,925
Current year claims, insurance, and changes in estimates	475,662	7,905,973	0	(624,475)	1,185,331	8,942,491
Claims and insurance payments	<u>(488,540)</u>	<u>(7,862,736)</u>	<u>0</u>	<u>(732,893)</u>	<u>(1,156,493)</u>	<u>(10,240,662)</u>
Claims liability, June 30, 2019	\$ 31,327	654,513	0	1,591,722	168,192	2,445,754
Current year claims, insurance, and changes in estimates	520,845	7,668,615	0	215,188	1,280,754	9,685,402
Claims and insurance payments	<u>(537,172)</u>	<u>(7,733,128)</u>	<u>0</u>	<u>(778,306)</u>	<u>(1,344,569)</u>	<u>(10,393,175)</u>
Claims liability, June 30, 2020	\$ <u>15,000</u>	<u>590,000</u>	<u>0</u>	<u>1,028,604</u>	<u>104,377</u>	<u>1,737,981</u>

Employee Group Insurance

The County offers all regular and limited-term employees, the choice of two medical insurance options, which are HMO and Preferred Provider, both provided through Blue Cross Blue Shield of New Mexico (BCBS). The County pays 80 percent of the premium for full-time employees, 60 percent for three-quarter-time employees, and 40 percent for half-time employees. Under these medical plans, the County was neither self-insured nor retaining risk prior to January

1, 2013. Beginning January 1, 2013, the County changed the structure of the insurance program to be self-insured. The plans and contribution percentages are updated periodically. Since January 1, 2013, the County has accounted for contributions as revenue and paid BCBS for actual claims and claims processing. The County has reinsurance should claims for an individual participant exceed \$100,000 in a claim year. As of June 30, 2020 the estimated claims liability was \$590,000. The County also offers dental and vision insurance. The County pays actual dental claims, which are capped based on the individual procedure. The County chose this method as the premiums were much more expensive than paying the actual claims. Claims are paid monthly with one month prepaid. Claims liability is recorded for the amount by which the estimated claims exceeds the prepaid balance.

Unemployment Compensation

The County makes reimbursable prepayments to the New Mexico Department of Labor for unemployment compensation claims, which are processed through the Department. Accordingly, no liability is reported for those claims.

Worker Compensation/General Insurance

The County is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God. The County belongs to the New Mexico Self-Insurer's Fund (NMSIF), a public entity risk pool currently operating as a common risk management insurance program for its members. The County pays a premium to NMSIF for its general and worker's compensation insurance coverage. Additionally, the County reimburses the NMSIF for sums paid by NMSIF on the County's behalf, which fall within the County's selected deductible amounts. The NMSIF reinsures through commercial insurance for claims in excess of deductible amounts.

(14) FINANCIAL ASSISTANCE

The County provides fire protection, emergency medical, and rescue services to all citizens and property located within the County, including federal facilities and employees, through a cooperative agreement with the National Nuclear Security Administration (NNSA), an agency of the U.S. Department of Energy (DOE). During FY 2020, the County recognized intergovernmental revenue of approximately \$19.2 million under the terms of this cooperative agreement.

Intergovernmental revenues of approximately \$2.7 million were recorded in the Transit Fund for Federal Transit Administration. The County receives financial assistance from numerous other federal and state grantors as detailed in the Schedule of Expenditures of State Awards and the Schedule of Expenditures of Federal Awards, Exhibits 6 and 7 in the Other Information section of this report.

(15) COMMITMENTS AND CONTINGENCIES

A. Joint Utility System – Natural Gas Purchase Agreement

In November 2009, the County entered into a 30-year natural gas purchase arrangement with the New Mexico Municipal Energy Acquisition Authority (NMMEAA) for approximately 80 percent of its historical requirements. Under this arrangement the County will purchase gas at the index price less a discount. The discount is derived from a prepaid gas arrangement between NMMEAA and the Royal Bank of Canada (RBC). The County's only obligation is to purchase gas from NMMEAA. The County has no obligation to purchase gas that is not needed, no exposure to any bond risk associated with the transaction between NMMEAA and RBC, and no exposure to paying greater than index price for gas.

Under the agreement with RBC, changes in bank regulatory requirements can result in restructuring of the agreement. In October 2013, RBC notified NMMEAA that certain regulatory requirements becoming effective in calendar 2014 could make the agreement uneconomical. A restructuring agreement was entered into in fiscal year 2014. This new agreement provides for a fixed discount for the life of the agreement but requires the participants to refund the bonds with an option to continue, renegotiate, or terminate at the end of each five to seven year period. The agreement was extended in FY2019 and the bonds refinanced, with a new fixed discount amount of \$0.295 per MCF (thousand cubic feet) of gas purchased.

B. Fire Cooperative Agreement with NNSA

As described in Note (14), the County provides fire protection, emergency medical, and rescue services to all citizens and property located within the County, including federal facilities and employees, through a cooperative agreement with the NNSA.

Under the cooperative agreement that began October 1, 2013 the County's share is 20-25% of the incurred expenses for the Department, with NNSA paying the remainder. As established by County Council, the assignment of fund balance for potential uncollectible amounts under this cooperative agreement is calculated as 1% of the cooperative agreement, life-to-date expenses.

C. Encumbrances

The County uses an encumbrance system as an extension of normal budgetary accounting for all funds as the County's budgetary basis includes encumbrances. Under this system, purchase orders, contracts and commitments for expenditures are recorded to reserve that portion of applicable appropriations. In governmental funds, encumbrances outstanding at fiscal year-end are recorded as restricted, committed, or assigned fund balance depending on the classification of the resources to be used to liquidate the encumbrance, since they do not constitute expenditures or liabilities. Outstanding encumbrances at fiscal year-end are re-appropriated for the following year. Encumbrances outstanding by fund at June 30, 2020 are as follows:

Major Governmental Funds:	
General Fund	\$ 1,197,322
Economic Development	3,582
Capital Improvement Projects	2,964,866
Other Governmental	641,812
Total Governmental Funds	<u>4,807,582</u>
Major Proprietary Funds:	
Joint Utility System	5,634,307
Environmental Services	70,972
Transit	452,877
Fire	376,493
Airport	17,724
Total Proprietary Funds	<u>6,552,373</u>
Internal Service Funds:	
Equipment	763,191
Risk Management	54,825
Total Internal Service Funds	<u>818,016</u>
Outstanding Encumbrances at June 30, 2020	<u>\$ 12,177,971</u>

D. Litigation

The County is subject to various other legal proceedings, claims, and liabilities, which arise in the ordinary course of the County's business. In the opinion of the County's management and in-house legal counsel, the ultimate resolution of the above matters will not have a material adverse effect on the financial position or results of operations of the County.

E. Operating Leases

The County leases certain equipment and premises under numerous operating leases. Leases are subject to future appropriation and as such are cancelable by the County at the end of a fiscal year. Rental expense for the year ended June 30, 2020 was \$828,917.

The future minimum lease payments under operating leases as of June 30, 2020, are approximately as follows:

<u>Year ending June 30*</u>	<u>Amount</u>
2021	770,682
2022	657,950
2023	75,224
2024	46,034
2025	46,034
	<u>\$ 1,595,924</u>

(16) ECONOMIC DEPENDENCY

The County has significant economic dependence upon LANL. It is the County's largest employer, and it is estimated that LANL's expenditures provide, either directly or indirectly, over 90% of the County's economic activity. For the year ended June 30, 2020, an estimated 75-80% of GRT revenues relate directly to LANL operations.

On November 1, 2018, Triad National Security, LLC (Triad) took over as the new management and operations contractor at LANL. During the 2019 New Mexico Legislative Session, Senate Bill 11 was signed into law requiring any non-profit organization organized under the IRS 501(c)3 section operating a national laboratory in the state to pay gross receipts taxes. This enactment greatly reduced the risk of the County's dependence on GRT revenues, which are predicted to remain steady in future years.

As a result of this, Moody's removed a negative outlook on the County due to the uncertainty associated with the potential change in the taxable status of Triad. Moody's has maintained an issuer rating of Aa3 to the County, and affirmed the County's A1 GRT Revenue Bond rating based on the continued stability to Los Alamos' economy with the passing of the legislation.

(17) CERTAIN ASSET RETIREMENT OBLIGATIONS

Under GASB Statement No. 83 the County determined it was required to restate net position because the liability for the San Juan decommissioning costs were both incurred and reasonably estimable. The County used the measurement of the asset retirement obligations based on the best estimate of the current value of outlays expected to be incurred.

In previous fiscal years, the County had recognized a liability and expense for the San Juan decommissioning costs. In fiscal year 2019, the County has recorded a prior period restatement on the face of the financial statements to show the cumulative effect of this expense on net position. This restatement was reflected in the Electric Fund and increased its beginning net position by \$5.6 million from \$159.9 million to \$165.5 million. The County recorded deferred outflows of \$5.6 million. In fiscal year 2020, the County expensed amortization costs for \$618.7 million and adjust deferred outflows by this same amount.

(18) TAX ABATEMENTS

As of June 30, 2020, the County does not have a GASB Statement 77 disclosure to make as the County does not provide tax abatements.

(19) CONDUIT DEBT

On August 15, 2019, the County entered into a bond indenture that authorizes the County to issue up to \$60,000,000 in industrial revenue bonds for the Pebble Labs USA, Inc Project for the development of the Company's scientific laboratory project including the acquisition of land, buildings, infrastructure and equipment and related facilities all located within Los Alamos County. The Company is Pebble Labs USA, Inc., the Purchaser is Pebble Labs Acquisitions LLC, and the issuer is the Incorporated County of Los Alamos.

The principal of, interest on and redemption price of the bond are payable solely from the basic rent derived by the Issuer from the lease agreement dated as of September 24, 2019 between the Issuer and the Company, and which revenues have been pledged and assigned by the Issuer to the Purchaser under the Indenture dated September 24, 2019 among the Issuer, the Purchaser, the Company and BOKF, NA as the Depository.

Neither the faith and credit nor the taxing power of the County is pledged to the payment of the principal of, interest on or redemption price of the bond, and will never constitute debt or indebtedness of the County, nor give rise to a pecuniary liability or a charge against the County's general credit or taxing powers.

If a default occurs, the Purchaser may cause the then unpaid principal amount of the Bond and all accrued interest to be immediately due and payable as provided in the indenture. Neither the Issuer nor the Depository has any responsibility to act on behalf of the Purchaser with respect to any default. The outstanding principal amount as of June 30, 2020, was \$12,500,000 with an interest rate of 3.5% per annum, issued as of September 24, 2019 which matures July 15, 2039.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION SCHEDULES

Year ended June 30, 2020

Changes of benefit terms

The PERA Fund COLA and retirement eligibility benefits changes in recent years are described in Note 1 of the PERA FY19 audit available at <http://www.nmpera.org/financial-overview/comprehensive-annual-financial-report>.

Changes of assumptions

The Public Employees Retirement Association (PERA) of New Mexico Annual Actuarial Valuation as of June 30, 2019 report is available at <http://www.nmpera.org/financial-overview/retirement-fund-valuation-reports>. The summary of Key Findings for the PERA Fund (on page 2 of the report) states “the total actuarial loss due to the investment experience of the total PERA Fund is \$198.9 million. The loss on non-investment related items totaled \$202.5 million. The net loss due to the plan’s experience was \$401.4 million. For details about changes in the actuarial assumptions, see Appendix B on page 53 of the report.

Other (nonmajor) Governmental Funds

State Shared Revenues Fund 110 - this special revenue fund accounts for the receipt and expenditure of certain State Shared revenues. These include gasoline tax, arterial, cooperative, school bus route, and motor vehicle revenues, all of which provide funding for the general control and management of the County's roads, highways, and bridges. (7-1-6.9 NMSA 1978)

Lodgers' Tax Fund 121 - this special revenue fund accounts for the proceeds of the lodgers' tax which are required to be used for promotional activities and for the acquisition of certain facilities as provided in the Los Alamos County Code Chapter 4.04. (3-38-21 NMSA 1978)

State Grants/Other Fund 140 - this special revenue fund accounts for the receipt and expenditure of certain State grants and other grant awards. These include Law Enforcement Protection, Local DWI, Fire Marshal, Fire EMS, and Drug Enforcement Agency asset forfeiture funds. (29-13-6 NMSA 1978, 59A-53-5 NMSA 978, Civil Asset Forfeiture Reform Act of 2000)

Health Care Assistance Fund 151 - this special revenue fund accounts for the revenues and expenditures associated with the administration of the Indigent Health Care Program. (25-5-7 NMSA 1978)

Other Special Revenues Fund 180 - this special revenue fund accounts for the expenditures and revenues associated with the following activities: Property Tax Valuation funds; Clerk Recording and Equipment funds; Aquatic Center Gift funds; Library Gift funds; and Bench Warrant funds. This special revenue fund was established by County Council.

Gross Receipts Tax Revenue Bond Debt Service 231 - this debt service fund accounts for amounts to be accumulated for payment of principal and interest on gross receipts tax revenue bonds issued for the construction of specific capital projects. Debt service is financed by a portion of the gross receipts tax imposed and collected by the State and distributed to the County.

LOS ALAMOS

Enterprise Funds

Enterprise Funds account for activities financed and operated in a manner similar to private business enterprises. These activities generally provide goods or services to the public on a continuing basis and are financed primarily through charges to users.

Other Enterprise Funds:

Environmental Services Fund 611 - accounts for the provision of refuse collection and landfill services to the county.

Transit Fund 651 - accounts for the operation of the Atomic City Transit (ACT) public transportation system.

Fire Fund 660 - accounts for fire protection services provided to Los Alamos National Laboratory and the community through a cooperative agreement with the National Nuclear Security Administration.

Airport Fund 681 - accounts for the operation and maintenance of the Los Alamos Airport.

Internal Service Funds

Internal Service Funds account for the financing of goods and services provided by one department or agency to other departments or agencies of a government on a cost-reimbursement basis. The County's internal service funds primarily serve the business-type activities of the County.

Equipment Fund 720 - accounts for the maintenance and replacement of the County's central equipment pool.

Risk Management Fund 730 - accounts for the County's insurance for health, workers compensation, unemployment, retiree health care, property and general liability.

Agency Fund

Agency Fund 871 - accounts for the collection and payment to the State and local School District of property taxes billed and collected by the County. The Schedule of Changes in Assets and Liabilities is the only required fund financial statement for the Agency Fund, and is presented immediately following the Internal Service Funds financial statements.

Statistical Section

This section of the County's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements and note disclosures says about the County's overall financial health. This section is presented in five general categories as described below.

Financial trends information is intended to assist readers in understanding and assessing how the County's financial position has changed over time.

Revenue capacity information is intended to assist users in understanding and assessing the factors affecting the County's ability to generate its "own-source revenues". Own-source revenues are revenues that are generated by the County itself. The County's largest own-source revenues are Joint Utility System charges, thus there are several required tables showing the Joint Utility Fund customer base, charge rates, and revenues by customer category. **Additional tables, although not required, show gross receipts tax revenue history and information about property taxes.**

Debt capacity information is intended to assist readers in understanding and assessing the County's debt burden and its ability to issue additional debt.

Demographic and economic information is intended (1) to assist readers in understanding the socioeconomic environment within which the County operates and (2) to provide information that facilitates comparisons of financial information over time and among governments.

Operating information is intended to provide contextual information about the County's operations and resources to assist readers in using financial statement information to understand and assess the County's economic condition.

Notes:

[a] The County implemented GASB 63 during FY2013 in which formerly titled "Net Assets" are now named "Net Position".

[b] The County implemented GASB 68 during FY2015 which includes net pension liability. The reduction of net position is related to the recording of pension expense and the associated deferred inflows and outflows of resources.

[c] The County implemented GASB 75 during FY2018 which includes net other post employment benefits liability. The reduction of net position is related to the recording of other post employment expense and the associated deferred inflows and outflows of resources.

[d] The County implemented GASB 83 during FY2019 for certain Asset Retirement Obligations and the associated deferred outflows of resources.

Notes:

[a] The Golf Course Fund was closed at the end of FY2013 and reclassified from an enterprise fund. The Golf Course became a division of the General Fund beginning July 1, 2014.

[b] The County implemented GASB Statement No. 68 in FY2015 which included restated beginning balances of (\$70.68M) related to the net effect of deferred inflows and outflows relative to net pension liabilities.

[c] The owners of the San Juan generating station restructured ownership agreement when some owners withdrew. The result was a gain for the other owners. This gain was recorded in the Joint Utility System Fund and appears in the business-type activities.

[d] The County implemented GASB Statement No. 75 in FY2018 which included restated beginning balances of (\$52.84M) related to the net effect of deferred inflows and outflows relative to net other post employment benefits liabilities.

Notes:

[a] The Unassigned fund balance deficit relates to the individual Las Conchas Fire Fund incurring reimbursable expenditures which were not received within the County's period of availability for accrual (60 days).

[b] The Unassigned fund balance deficit relates to the individual Emergency Declarations Fund, formerly Las Conchas Fire Fund, incurring reimbursable expenditures which were not received within the County's period of availability for accrual (60 days).

[c] The County made policy changes and restructured its fund balances, making many fund balances that were previously reported as committed as either assigned or unrestricted.

[d] The increase in assigned fund balance is due to an increase in continuing appropriations carried forward to complete projects in the next fiscal year.

[e] The increase in unassigned fund balance is due to the County spending significantly less than budgeted in the current fiscal year.

[f] The increase in Unassigned fund balance is due to the Emergency Declarations Fund, incurring reimbursable expenditures which were received in the County's current fiscal year

Source: Los Alamos County CAFRs

Notes:

[a] The increase in investment income reflects higher cash and investment balances and higher returns in the overall market.

[b] The decrease in investment income reflects lower cash and investment balances and lower returns in the overall market.

[c] The County refunded a portion of the 2008 GRT Revenue Bonds with Series 2013 GRT Refunding Revenue Bonds, and contributed \$6.7M to defray future debt service payments.

[d] Proceeds from issuance of 2013 GRT Refunding Revenue Bonds are shown here net of premiums and discounts.

[e] The County significantly reduced capital outlay spending as many of the capital projects were completed in the prior year, and the majority of new capital project were not started until fiscal year 2019.

[f] The positive change in fund balance is due to a significant reduction in capital outlay.

Source: Taxable Gross Receipts (from State of New Mexico Taxation and Revenue Department - monthly and quarterly report NM_FR003-500 Local Government Distribution) - in \$1,000s

Notes:

General Notes: The State will not distribute information on individual taxpayers; thus, the County cannot disclose information on the largest individual taxpayers.

[a] Services include professional services, health care, education, administration and support, and waste management and remediation services

[b] Lower receipts overall in FY2014 are due to the Federal Government shutdown in October 2013. Los Alamos County's taxable receipts are highly dependent on the Federal Government and its contractors.

Total overlapping debt				<u>27,101,173</u>
Total direct and overlapping debt				<u>\$ 61,706,751</u>

Ratio of estimated direct and overlapping debt to 2019 assessed valuation: 7.76

Ratio of direct general obligation debt to 2019 assessed valuation: .00%

Per capita direct and overlapping debt: \$3,186

Per capita direct G.O. debt: \$0

County population - 2020 estimate: 19,369

Sources: Tax rolls, New Mexico Department of Finance and Administration, Los Alamos Public Schools, and University of New Mexico

[a] Overlapping debt is calculated by dividing the total Governmental Unit assessed valuation by the County's assessed valuation and applying that percentage to the debt outstanding of each Governmental Unit.

**INCORPORATED COUNTY OF LOS ALAMOS
COMPUTATION OF LEGAL DEBT MARGIN**

Table 18

June 30, 2020

Assessed valuation, tax year 2019 (One third of full valuation)	<u>\$ 795,092,930</u>
Legal debt margin:	
Debt limitation - 4 percent of assessed valuation	31,803,717
Less: Debt applicable to limitation (general obligation debt)	<u>0</u>
Legal debt margin	<u><u>\$ 31,803,717</u></u>

Note:

State Constitution Article IX, Section 13, limits the amount of indebtedness for a county, city, town, or village to 4% of the assessed valuation. The State Statute is silent regarding the limitation that applies to a Class H (city/county) government such as Los Alamos County. The New Mexico State Department of Finance and Administration, Local Government Division, indicates that our limit is 4%.

[1] The Golf Course Fund was closed at the end of FY2013. The Golf Course became a division of the General Fund beginning July 1, 2014.

[2] Community Development Department and Public Works reorganized in FY2016.

[3] In FY2009 Capital Projects & Facilities was new. Capital Projects and Facilities were included back in Public Works in FY2016.

[4] In FY2017, Capital Projects personnel are limited term relating to the implementation of a new Enterprise Resource Planning (ERP) system to replace the existing accounting, budget, human resources, payroll, utilities billing and operation management. The project was implemented in FY2019 which resulted in a reduction of limited term employees associated with the project.

[5] The two FTE's for Economic Development are a part of the County Manager's Office, but are in the FY2019 CAFR under the Physical and economic environment function.

[6] Environmental Services added an Equipment Operator in FY2019 for the yard waste pickup program.

[7] The 5.5 increase to regular FTE is due to the addition of one power system operator in Electric Production, three additional Police dispatchers, one regular Parks Maintenance and Construction Specialist in Parks Open Space and an increase of 0.5 FTE in the Municipal Court for a Court Clerk who will have expanded duties - functions which were previously handled via an outside contractor.

Notes:

[a] Franchise Fees are 2% of all Electric Distribution and Gas revenue from all rate classes.

[b] In Lieu of Property Tax is the net book value of Electric and Gas fixed assets divided by three, times the Los Alamos County property tax rate.

In Lieu excludes San Juan, El Vado and Abiquiu assets located outside Los Alamos County.

[c] Profit Transfer is 5% of Electric Distribution and Gas retail revenues excluding sales to schools and the County.

[d] Began paying in lieu tax for solar assets

INCORPORATED COUNTY OF LOS ALAMOS SUPPLEMENTAL SCHEDULE OF JOINT POWERS AGREEMENTS

June 30, 2020

Incorporated County of Los Alamos (the County) and the New Mexico State Investment Council (SIC)

The parties entered into this agreement in order to establish a relationship between the County and the SIC. Under this agreement, the SIC acts as the investment manager for County funds deposited with the SIC, and invests County funds in accordance with the guidelines provided in the County's Investment Policy; provided however that the investment policies in the SIC Long-term Pooled Investment Funds Operations Manual shall be controlling in the event of a conflict between the policies therein and the County's Investment Policy.

This agreement was entered into on October 3, 2000. There is no ending day specified in the agreement. Either party may terminate the agreement with thirty (30) days written notice to the other party.

As of June 30, 2020, the County had approximately \$47.7 million invested with the SIC. The County paid approximately \$88,000 in fees, which are netted in the investment gain. The County is responsible for all audits of its financial records. The Pooled Investment Funds are included in the SIC's annual fiscal year-end audit.

Incorporated County of Los Alamos (the County) and the New Mexico Energy, Minerals and Natural Resources Department (NMEMNRD)

The parties entered into this Joint Powers Agreement (JPA) to formalize the NMEMNRD and the County's agreement and commitment to mutual wildland fire suppression and management assistance and cooperation. NMEMNRD is the designated state agency responsible for coordinating wildland fire suppression services among county and municipal fire departments, cooperating state agencies, and cooperating federal agencies. The County is responsible for wildland fire suppression on lands within the boundaries of its designated fire protection districts. The agreement addresses the County's role in the statewide Resource Mobilization Plan (RMP) and also defines non reimbursable and reimbursable assistance for initial or extended attack expenses. As such, the agreement establishes the County reimbursement rates and billing procedures for personnel and equipment.

This agreement does not obligate NMEMNRD or the County to expend money in excess of appropriations authorized by state or local laws. The terms of this agreement are contingent upon sufficient appropriation and authorization being granted by the New Mexico State Legislature and the County; otherwise, either party may terminate or suspend this agreement upon 90 days written notice. The agreement was entered into by the County on February 23, 2010 and supersedes JPA Agreement # 97-521-2300-0073 (Wildfire Suppression).

Incorporated County of Los Alamos (the County) and the City of Santa Fe, Santa Fe County, City of Espanola, Rio Arriba County, the Town of Taos, Taos County, Ohkay Owingeh, and Jemez Pueblo together known as "coalition members"

Members of the coalition entered into this Joint Powers Agreement (JPA) to memorialize a shared interest in assuring that LANL missions remain sustainable and diversified, while assuring protection of the environment, affecting federal and state government policy decisions that affect LANL, and promoting economic development throughout the region. This agreement establishes the Regional Coalition of LANL Communities (RCLC), a separate entity from coalition members, which develops and implement plans and approaches for carrying out the purposes of the coalition. Governance of the Regional Coalition is stated in the agreement; the County of Los Alamos is the acting fiscal agent for implementation and administration of the agreement.

This agreement was entered into by Los Alamos County on May 18, 2011 and approved by the New Mexico Department of Finance and Administration and made effective on October 13, 2011. Ohkay Owingeh joined the coalition in October 2012; Jemez Pueblo joined the coalition in November 2014. The term of this agreement is perpetual unless terminated by mutual consent of the coalition members.

Incorporated County of Los Alamos (the County) and the North Central New Mexico Economic Development District (NCNMEDD), Santa Fe County, the City of Espanola, Rio Arriba County, Ohkay Owingeh, the Pueblo of Santa Clara, the Pueblo of Pojoaque, and the Pueblo of Tesuque.

This Joint Powers Agreement (JPA) is entered into by all parties for the management of the Redi Middle-Mile Broadband Network (REDI Net), a high-speed, open access broadband network deployed within the jurisdictional boundaries of all parties involved. NCNMEDD was awarded federal funding from the Broadband Technology Opportunities Program (BTOP), National Technology and Information Administration (NTIA), United States Department of Commerce, to implement the REDI Net project. The project has an estimated total cost of \$13.4 million of which \$10.6 million will be paid with federal funds, and the remaining \$2.8 million is contributed by the various jurisdictional parties in the form of cash and in-kind contributions. REDI Net consists of approximately 150 miles of fiber optic cable and associated equipment and will be installed primarily on existing electric utility poles of all jurisdictional parties, subject to securing necessary easements and rights of way, for construction, permitting, and other construction-related activity. REDI Net will offer high-speed wholesale bandwidth to qualified service providers and anchor institutions that operate within the range of its network.

This agreement establishes a governance structure that includes a representative from each jurisdictional party on the Board of Directors and establishes powers and duties to oversee construction, implementation, and long-term management of the REDI Net project. This agreement obligates the County to contribute \$400,000 into NCNMEDD's interest-bearing project account. This agreement was entered into by the County on November 9, 2011 and is effective for a period of 20 years thereafter. Amendments to this agreement shall be in writing and subject to approval by the New Mexico Department of Finance and Administration.

Incorporated County of Los Alamos (the County) by and among the City of Las Cruces, the City of Gallup, and the City of Farmington establishing the New Mexico Municipal Energy Acquisition Authority (NMMEAA)

This Joint Powers Agreement (JPA) was entered into by and among the City of Las Cruces and the City of Gallup on June 19, 2008. The County entered this JPA by adoption of Amendment Number 1 on September 30, 2008. The JPA establishes the NMMEAA to act as the administering agency to acquire long-term energy supplies, including the purchase of natural gas for retail gas customers or for sale to other municipal or governmentally-owned utilities, to produce electricity for retail customers or for sale to other municipal or governmentally-owned utilities; and to fuel the pipeline and related transportation costs of gas supply. This agreement establishes the governance structure that includes a representative from each party.

This agreement is perpetual unless terminated by mutual consent of the parties.

Notes to Supplemental Schedule of Expenditures of Federal Awards

General

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal financial assistance programs of the Incorporated County of Los Alamos (County).

Basis of Accounting

The accompanying Schedule of Expenditures of Federal Awards is presented using the modified accrual basis of accounting, which is described in Note (1)D to the County's basic financial statements. The amounts received from the federal government are recorded as intergovernmental revenues of the County. There were no sub recipients of these grant awards.

Other Notes

- [1] County's share of NNSA Cooperative agreement expenditures, ambulance billing and other receipts
- [2] Prior period adjustment

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Dr. Sara Scott, Chair, County Council
Members of the Council, and Harry Burgess, County Manager
Incorporated County of Los Alamos, New Mexico
Los Alamos, New Mexico 87544 and
Brian S. Colón, New Mexico State Auditor

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, the aggregate remaining fund information, the budgetary comparisons of the general fund and major special revenue funds, of the Incorporated County of Los Alamos, New Mexico (County) as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated November 30, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements

Dr. Sara Scott, Chair, County Council
Members of the Council, and Harry Burgess, County Manager
Incorporated County of Los Alamos, New Mexico
Los Alamos, New Mexico 87544 and
Brian S. Colón, New Mexico State Auditor

will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE
IN ACCORDANCE WITH THE UNIFORM GUIDANCE**

Dr. Sara Scott, Chair, County Council
Members of the Council, and Harry Burgess, County Manager
Incorporated County of Los Alamos, New Mexico
Los Alamos, New Mexico 87544 and
Mr. Brian S. Colón, New Mexico State Auditor

Report on Compliance for Each Major Federal Program

We have audited the Incorporated County of Los Alamos' (County) compliance with the types of compliance requirements described in the U.S. *Office of Management and Budget (OMB) Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2020. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to

Dr. Sara Scott, Chair, County Council
Members of the Council, and Harry Burgess, County Manager
Incorporated County of Los Alamos, New Mexico
Los Alamos, New Mexico 87544 and
Mr. Brian S. Colón, New Mexico State Auditor

obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal programs for the year ended June 30, 2020.

Report on Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified.

Dr. Sara Scott, Chair, County Council
Members of the Council, and Harry Burgess, County Manager
Incorporated County of Los Alamos, New Mexico
Los Alamos, New Mexico 87544 and
Mr. Brian S. Colón, New Mexico State Auditor

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the result of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
